### Colony Celebrates King George VI's Birthday

#### MILITARY REVIEW AND GARDEN PARTY

Hong Kong will be en fete today. Despite the crash of bombs and the thunder of anti-aircraft guns less than a hundred miles away, and the general air of uncertainty and tension, the Colony, for one day at least, is determined to forget its cares and troubles and to turn unreservedly to the joy of celebration.

### MOUNT ASAMA IN ERUPTION

#### Heavy Loss Of Life Feared

Shanghai, June 8. Extensive damage and heavy loss of life is feared following an eruption of the famous Mount Asama in Japan, according to a report received here.

Lava flowed from the mountain and enveloped nearby villages.

A rigid ban is imposed on the press against publishing any reports of damage and casualties for fear of demoralizing the public during war time.—(International)

### Chinese Occupation Will Force Japanese Troops To Withdraw From South Shansi

#### FIVE THOUSAND SHELLS FIRED A DAY IN INTENSIVE DUELS

Hankow, June 8. CHINESE AND JAPANESE TROOPS ARE FIGHTING for the possession of Houma, a strategically important town in south Shansi, situated on the south bank of the Fen River.

THE OCCUPATION OF HOUMA BY THE CHINESE will, it is believed in Chinese circles here, force the Japanese troops to withdraw from south Shansi. The Chinese troops engaged in the battle are under the command of General Wei Li-huang, deputy commander of the Chinese forces in Shansi.

GENERAL WEI, ACCORDING TO RELATED REPORTS, ordered a general offensive in the Houma sector on May 25 and severe fighting has been raging since then.

### BIG FIRES RAGING IN CANTON

#### ANOTHER NIGHT RAID LASTS THREE HOURS

#### No Safety Zone Contemplated

Canton, June 8. The air raid alarm was sounded at 8 p.m., when there was a slight drizzle, and at 10.30 o'clock twenty-five Japanese planes were still over the city.

The raiders dropped a couple of incendiary bombs on the west Bund behind the Asia Hotel causing a big fire which is at present blazing furiously.

Missiles were dropped in the vicinity of the city government offices and the White Cloud Mountains while both the Canton-Hankow Railway and the Canton-Kowloon Railway received the attention of the raiders.

#### HOUSES IN FLAMES

The air clear was sounded at 11.45 p.m. after the raid lasted three and three-quarter hours during which time a number of big fires were started on the west Bund. One of the fires, it is understood, involved a chicken market and several houses in the vicinity were enveloped by the flames.

### Bombs Create Anti-Japanese Feeling

London, June 8. The bombings of Canton continue to be given prominence in the press.

The News-Chronicle states that there is scarcely now any pretence that these murderous onslaughts have any other object than sheer naked terrorism, and adds that the imbecility of the Japanese plan of campaign of continued and intensified air raids is almost as patent as its brutality.

"The Japanese invaded China ostensibly to put an end to anti-Japanese propaganda there," says the Journal. "Is it possible to conceive any anti-Japanese propaganda more effective than these Canton massacres?"

"The effect on world opinion must be no less unfavourable towards Japan." The Daily Mail draws the moral need for increasing Britain's ground and aerial defences.—(Reuters).

### Japanese Armoured Car Blown Up

Sian, June 8. A Japanese armoured car was blown to pieces and more than 10 Japanese soldiers were killed when mines exploded on a highway bridge about one mile east of Tengchow station, on the Peiping-Suiyuan Railway, on June 6.

A daring Chinese engineering corps stole across the Yellow River near Tengchow and laid the mines. Shortly afterwards, three Japanese armoured cars loaded with troops passed over the bridge. The explosion blew the armoured car to bits, but the two behind escaped destruction.

Hiding nearby, the Chinese engineers had a good view of the event. They then stealthily withdrew across the river.—(Central News).

Berlin, June 8. Generalissimo Chiang Kai-shek forms the subject of an article by the former German Secretary of State for Foreign Affairs, Herr Richard von Kuehlmann, in the Deutsche Allgemeine Zeitung today. Herr Kuehlmann writes that he has been able to acquire a personal knowledge in Nanking of the Generalissimo's activities which have invariably been inspired by the idea of strengthening China from the military viewpoint.

### CHINA ARMS PURCHASE FRAUD IS EXPOSED

#### Packing Cases Supposed To Contain Anti-Tank Guns

London, June 8. Old boilers with bricks and stones from the demolished tower of a Methodist church in north London, filled 500 packing cases, supposed to contain £50,000 worth of anti-tank guns for China, were consigned to Marseilles aboard the British steamer Merland, according to the Daily Herald.

It is stated that a firm in Deptford received an order for the packing cases to be made according to War Office pattern and delivered to a Tottenham address.

In consequence of a lorry driver's report as to how the cases were filled, the Deptford firm informed the police but the Merland had already sailed. The police tipped off Marseilles where the fraud was discovered.

The Daily Herald says an Englishman, a Frenchman and "a wealthy Chinese living in London" financed the undertaking. The Chinese Embassy has no knowledge of the affair and has never licensed the purchase of arms.—(Reuters).

### HONG KONG TO HANOI

#### New Service Starts Today

The Hong Kong-Hanoi air service will be inaugurated today when a plane will leave Kunning for Hong Kong via Luechow, Kwangsi, according to an announcement of the Eurasia Aviation Corporation.

On June 12, a plane will make the first flight from Hong Kong to Kunning.

Henceforth, flights will be made from Hong Kong to Kunning on Wednesdays and Sundays, and from Kunning to Hong Kong on Mondays and Sundays. It will take approximately five hours to fly each way.

The fares for trips from Hong Kong to Luechow, Kunning and Hanoi respectively are \$140, \$245 and \$44.—(Central News).

### "New China" Is A Reality

Hankow, June 8. "What is called 'New China' is not a myth but a reality. I am convinced that what might be called your national renaissance has been firmly founded. I suspect that the foundations are now so firmly laid that no pressure from without, no military pressure can now destroy them."

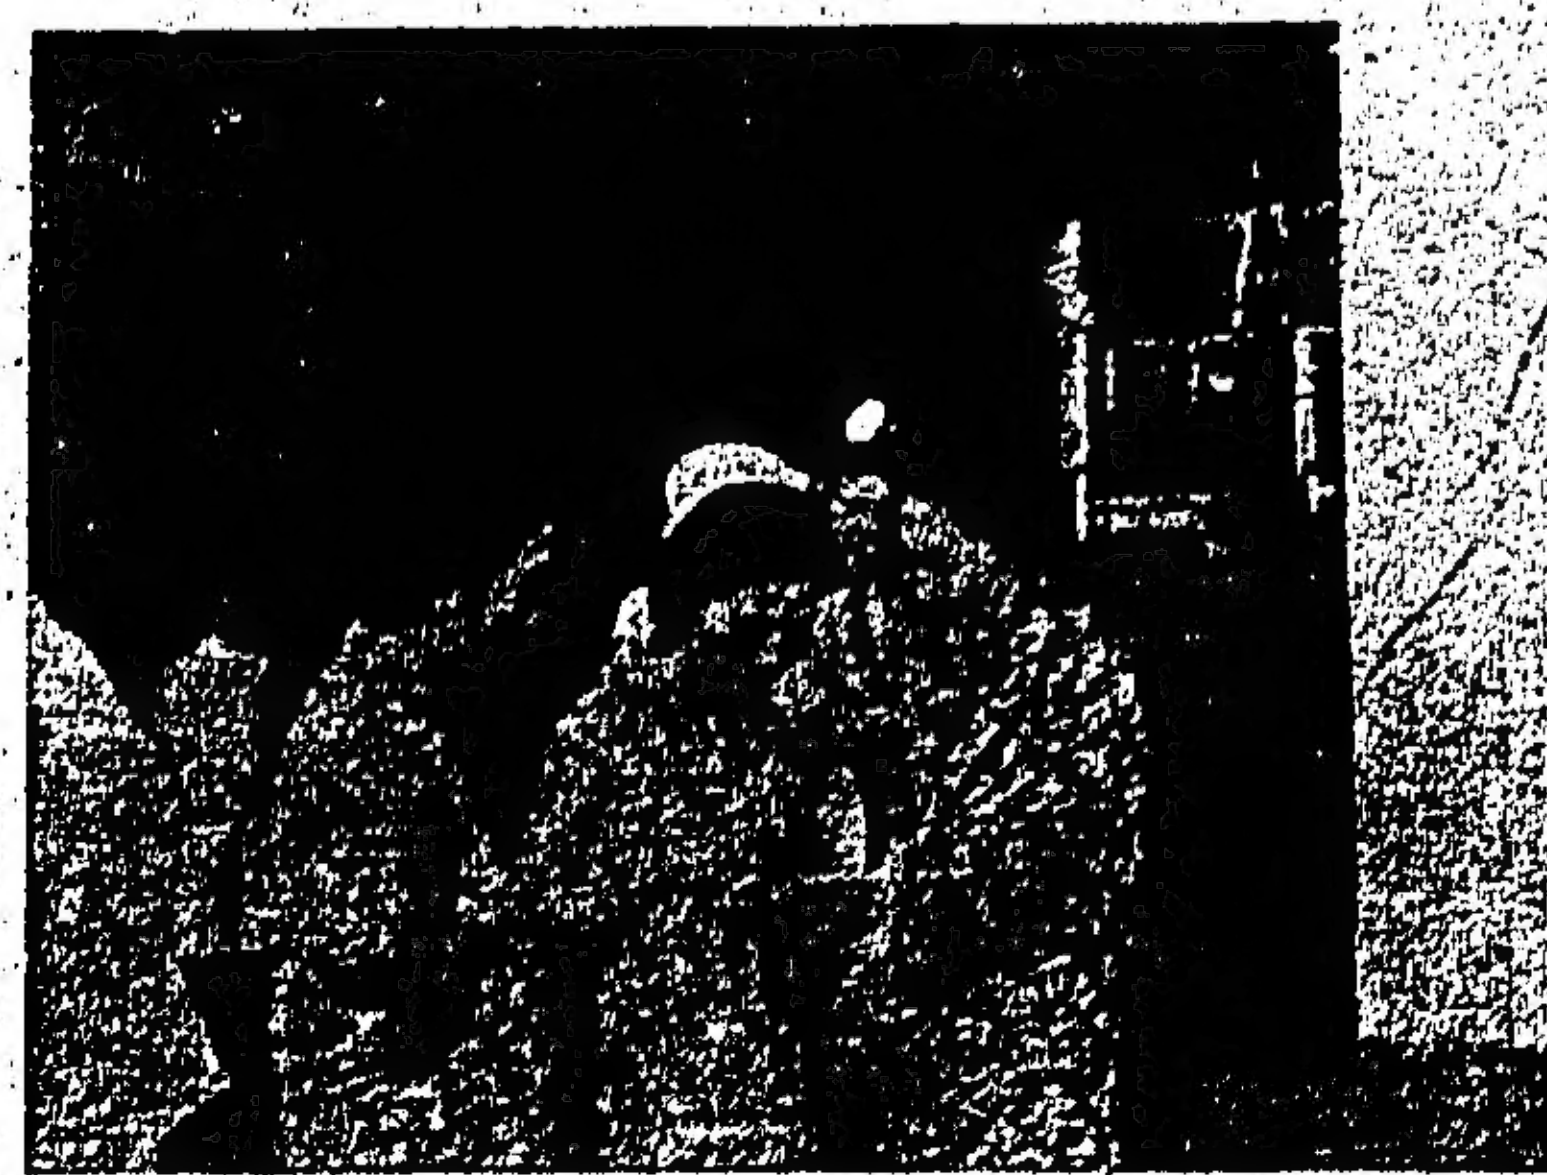

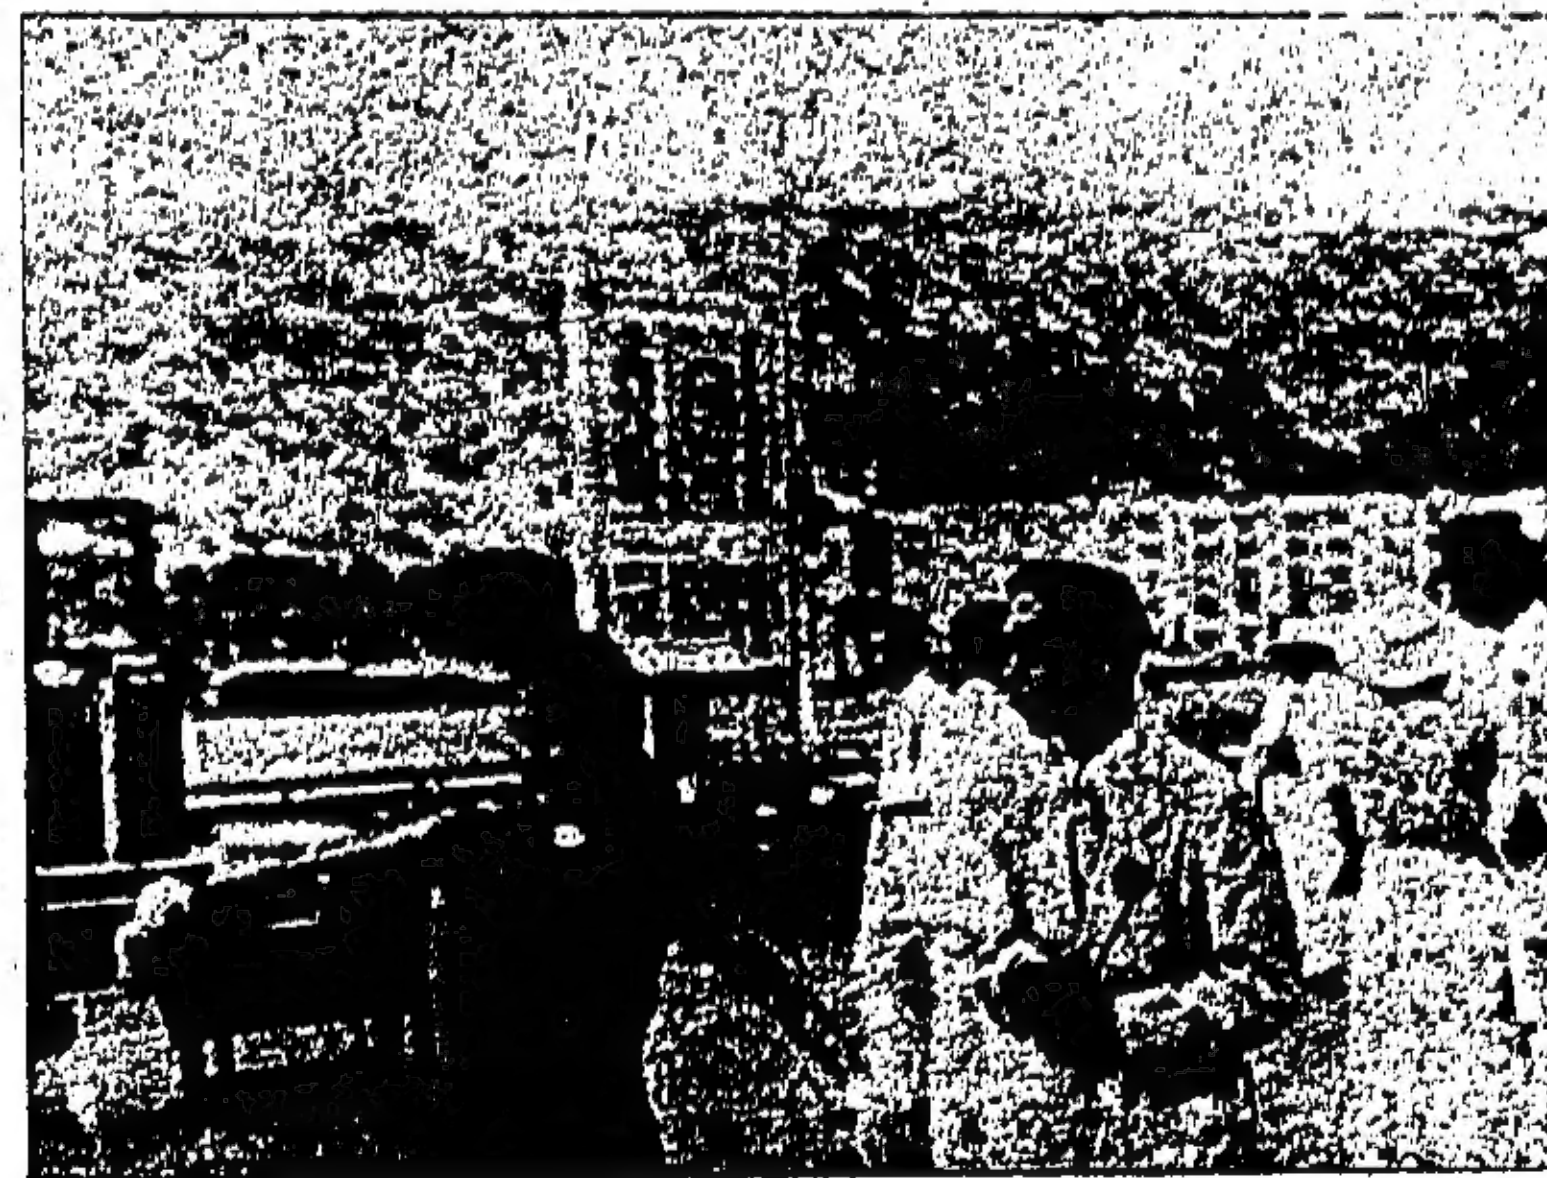

Thus declared Mr. Edgar Ansel Mower, well-known American journalist and representative of the International Peace Campaign, in the course of a recent broadcast speech from Hankow on his first impressions of China.

"My impression is that the Japanese will never succeed in putting the clock back in China. For that, it is far too late," he said. "I am profoundly moved by the spirit that seems to animate your masses."

"In China I seem to find the unconquerable spirit that animated the Spanish masses, while at least one of Russia's allies is on China's side. Therefore, it seems a fair inference that so long as the Chinese stick together, accept the inhuman sufferings of an unjust war and utilise distances, China cannot be conquered."

"My quickly gained conviction is that the final victory must be China's", he concluded.—(Central News).

### DORSETSHIRE MURDER

Further Evidence  
Recorded

#### WHAT SEAMEN HEARD

The hearing was resumed before Mrs. Butters at the Central Court yesterday of the case in which Edwin Moreland Dwyer, 19-year-old Able Seaman of H.M.S. Dorsetshire, is charged with the murder of Leading Seaman Robert Dickinson.

Mr. G. S. Hugh-Jones is conducting the defence, while Mr. John Whyatt, Crown Counsel, is in charge of the prosecution. Able Seaman G. Webster testified that about 10 p.m. on May 1, Dwyer came to him and spoke to him in a low tone.

"He asked me to put my hand into his right hand pocket. I took no notice. He drew my attention again by nudging me. As I looked round, I saw him pull his hand out of his pocket, holding something which looked like a bullet. I am not sure whether it was a bullet or not," said Webster, who added that he did not think any one else could have seen what was in Dwyer's hand.

Cross-examined by Mr. Hugh-Jones Webster said that there were about 15 persons in the Mess, but he could not remember how many were present and who they were. Seaman Mackay was sitting opposite him at the time, and was about two feet away. He thought nothing of the incident until he heard the following morning that a man had been shot and that accused had been detained.

**SAW ACCUSED**  
Able Seaman Frederick Pinkering, the next witness, said he saw Dwyer between 12.45 and 1.15 a.m., sitting on a stool, smoking. He did not notice anything unusual until he saw the Commander and the First Lieutenant passing the port side. He later learned that someone had been shot.

Midshipman D. Norcock said he heard a report about 1.33 a.m. He saw Dickinson bleeding profusely from the head.

**PECULIAR LOOK**  
Leading Seaman White said he saw Dickinson bleeding. As he went to the shute he noticed Dwyer, who looked round.

### COMMITTED TO SESSIONS

Possession Of  
Dangerous Drug

Leung Wing, 39-year-old unemployed Chinese, appeared yesterday at the Kowloon Court before Mr. Macfadyen on a charge of unlawful possession of dangerous drugs.

Sgt. Stephens, giving evidence, stated that the drugs were found at No. 154, Temple Street, in the top-shelf of a wash-stand.

Mr. D. E. Davis, Acting Government Monopoly Analyst, stated that the product given him for analysis proved to be heroin and strychnine, 8 oz. of the former and 2 oz. of the latter. This quantity was sufficient for the manufacture of 200,000 heroin pills.

Mr. M. J. Abbott, Assistant Crown Solicitor, prosecuted. Defendant was committed to the next Criminal Sessions.

"He had a peculiar look, one hard to explain. It was more of a stare than a look. It may have been due to the fact that he was sick," said witness.

Cross-examined White said he did not hear any sound in the "booms" after he had heard the shot. If anyone were moving about the "booms" wearing hard leather shoes he would probably have heard the sound.

Ordinary Seaman J. Murphy stated that when he finished duty Dwyer spoke to him and asked him what had happened on the upper deck. He related the incident and Dwyer appeared to be smiling. Two hours later, he met Dwyer in the recreation room. Dwyer was carrying an overcoat and an oilskin and after putting them on a table he went out.

**HEARD REPORT**  
Petty Officer Smout testified that he also heard the report of a shot. He saw Dwyer with a cigarette in his hand and appeared to be quite normal.

Ordinary Seaman Burns told the Court that Dwyer was present while they were having a discussion regarding deserters in Australia. Dwyer changed the subject to murder, and he heard Dwyer say, "There will be a thrill if a murder happens on board this ship," but made no suggestion who would be murdered.

### ANTI-PIRACY GUARDS' APPEAL

Possession Of  
Dutiable Liquor

An appeal by Shou Hock-chi, Shantung anti-piracy guard, against a fine of \$300, with the alternative of three months' hard labour, imposed on him by Mr. Butters at Central Court on May 17 on a charge of possession of a quantity of dutiable Chinese liquor, was brought before the Acting Chief Justice, Mr. Justice R. E. Lindsell, in Supreme Court yesterday.

Mr. F. H. Loseby appeared for appellant while Mr. M. J. Abbott represented the respondent.

After His Lordship had decided to take further evidence in the case, witnesses for the Crown were called. These were Indian constable B443 Rukim Din, who made the arrest, Mr. D. Davis, Acting Government Analyst, a Chinese constable, and Sub-Inspectors J. Michell and J. J. Walsh.

**LINKS IN CHAIN**  
Sub-Inspector R. R. McEwen, officer in charge of the Guards, called by Mr. Loseby, said appellant had been on board the s.s. Kwangtung as an anti-piracy guard till April 11. Witness could not remember at what time appellant had gone into the guards office on April 12.

His Lordship then asked Mr. Loseby whether he agreed that the links in the chain of the 98 bottles of spirit was now complete. Mr. Loseby said he supposed so, but remarked there was an extraordinary discrepancy in the evidence given regarding the sample bottle.

As Mr. Loseby was not yet able to call further evidence, the case was then adjourned sine die, further hearing to be continued as soon as possible.

J. P. Eys, Chief Signalman, said that the "booms" was in darkness and he stepped on something what he thought to be an overcoat. He took no notice of it.

A Waddell, Able Seaman, testified that he once heard Dwyer refer to Dickinson as the "most ignorant man he had ever come across," and again as "the most detestable."

After further evidence the hearing was adjourned to 10.30 a.m. today.

### CLAIMED MONEY DUE WAS A GAMBLING DEBT

Further Evidence  
Called

Further evidence was heard in Summary Court yesterday in the case in which Lam Hing and So Chal are claiming \$507 from Lu Foo Kee and Lu Foo and Lu Kam-tin, partners therein, after which the hearing was adjourned three weeks.

The plaintiffs, for whom Mr. C. A. Sutherland Russ is appearing, claim this sum as due and payable to them in respect of charter money on the hiring by defendants of their steam launch "Tung Yick."

The defence of Lu Foo and Lu Kam-tin (father and son) who are represented by Mr. O. E. C. Marton, Messrs Deacons, is that the son owed So Lo Chal a gambling debt; and it was in an attempt to collect this that the younger Lu had been induced by some degree of threat or force to sign a document purporting to show that certain work had been done by plaintiff firm, the whole thing, in fact, being actually a fake.

**NEW WITNESSES**  
Cross-examination by Mr. Marton yesterday was on those lines, but both of the two new witnesses called denied that they had seen any gambling or that they had any knowledge of a gambling debt between Lu Kam-tin and So Lo Chal.

These new witnesses were Mak Kam-wah, foreman in the Talkoo Dockyard, and Fung Kan, coxswain on the Tung Yick. Mak was called at the conclusion of the re-examination of So Lo Chal in the morning. Cross-examination of this witness by Mr. Marton had lasted, between Tuesday morning and yesterday morning, some five and-a-half hours.

The public meetings of the Manuk Lodge, Theosophical Society, have been discontinued until October, when cooler weather arrives.

### DISTRIBUTOR OF HEROIN GOES TO GAOL

Maximum Penalty  
Asked For By  
Prosecution

Believed to be an agent distributing pills to the heroin divans in Kowloon, Chan Yat-he was sentenced yesterday by Mr. Macfadyen at the Kowloon Court to six months' hard labour and fined \$2500 or, in default, another year with hard labour.

R.O. Warden, prosecuting, stated that when No. 137, Temple Street, ground floor, was last raided on February 25, no less than 15,000 pills were seized. When a raid was made again on May 31, 7457 pills were found. As there was reason to believe that the defendant was a distributor of heroin pills to other divans in Kowloon, the prosecution asked that the maximum penalty provided for by law be imposed.

Four other divan-keepers were sentenced to 2½ years' hard labour and fined a total of \$1410 or, in default, 8-months' imprisonment.

Wong Kent-soon, 42 superintendent of a service station operated by Messrs. Dodwell and Co., was charged with having fraudulently embezzled \$770.61 from his employers before Mr. W. J. Lockhart-Smith at the Central Court yesterday.

Mr. R. R. Ashby, appeared for Messrs. Dodwell and Co. Detective Sub-Inspector W. Ritchie is prosecuting, and a week's formal remand was granted to him. Bail of \$2,000 was fixed.

## Cake-Makin' At Home

### WEST INDIES CAKE

8 ozs. flour,  
1 heaped teaspoonful baking powder,  
3 ozs. soft brown sugar,  
4 ozs. butter,  
1 teaspoonful ground cinnamon,  
2 eggs,  
1 gill each strong black coffee and golden syrup or molasses.

Beat the sugar and butter to a cream, grinding the grains against the sides of the bowl to break them down during the process.

Sieve the flour with the cinnamon and baking powder three times, and keep aside while the syrup is warmed in a slow fire until it is thin. Whisk the eggs thoroughly, and pour over them the syrup, whisking all together until well blended.

Now add the flour mixture to the creamed butter and sugar, gradually stirring it in, and adding the syrup and eggs alternately to keep the mixture moist, until all has been used up. Do not beat after beginning to add the flour. Last of all, add the cold coffee, stir thoroughly, and turn into a greased tin. Bake in a moderate oven.

If liked, this mixture may be baked in two sandwich-cake tins, and when cold may be put together with a cream made by beating together 2 ozs. butter and four ozs. sieved icing sugar, until thick and creamy, flavour with a desert-spoonful rum.

This is a delicious cake, which keeps moist for several days.

### GINGER PARKINS

3½ ozs. medium oatmeal,  
4 ozs. black treacle,  
3 ozs. butter,  
1 oz. caster sugar,  
3 ozs. flour,  
1 heaped teaspoonful ground ginger,  
1 level teaspoonful mixed spice,  
1 heaped saltspoonful bicarbonate of soda,  
A few halved almonds—one for each bun.

Warm the treacle and butter in a small saucepan over a gentle heat, until they are melted and thoroughly blended without making them really hot. The pan should never be so hot as to be

unbearable to the palm of the hand when placed against the side.

Sieve flour, ginger, spice, and soda together, and mix with the sugar and oatmeal, in a bowl. Make a well in the centre, and pour in the syrup mixture. Stir until all are thoroughly blended, working the flour down from the sides during mixing.

The stiff paste thus formed should be divided into as even portions as possible—it will make from sixteen to twenty, according to size desired. Dust the hands with sieved flour, and roll each portion into a ball, place on a greased baking-tin, allowing good space between each, and flatten slightly by pressing down onto the tin. Place half an almond in the centre of each, and bake in a moderate-to-quick oven for about fifteen minutes.

When quite cold, store in a tin with a well-fitting lid, putting a sheet of tissue paper between each layer. They should be packed thus as soon as they are cold, otherwise there is a tendency for them to lose their crispness.

### COCONUT ROCK BUNS

4 ozs. butter,  
4 ozs. caster sugar,  
6 ozs. flour,  
2 ozs. desiccated coconut,  
2 level teaspoonfuls baking powder,  
Yolks of 2, and white of 1 egg.  
A few drops vanilla essence.

Beat the butter and sugar to a cream, add the well-beaten eggs, and beat all together until the mixture is thick and smooth. Sieve the flour and baking powder together, mix in the coconut, and add a little at a time, until all have been used up. Lastly, add the flavouring, and place in rough heaps on a baking tin which has been greased and dusted out with flour. Place on the lowest shelf of a quick oven and bake for five minutes, then sprinkle the tops of each bun with a little desiccated coconut, and return to the middle shelf of the oven, reducing the heat after the first three minutes. Bake until a rich golden brown. Cool on a wire cake rack.

## SAVOURIES FOR ALL OCCASIONS

A batch of recipes for various types of savouries to serve as a final course to a meal and others for supper is given below.

### STUFFED APPLES

Peel and core some good cooking apples, fill cavities with sausage meat mixed with a few fine breadcrumbs, bake with bastings of butter.

### CREAMED HADDOCK

Ingredients: 4oz. cooked smoked haddock, cayenne, 1½oz. butter, 1 gill cream, two olives, fried bread. Remove all skin and bones from the fish and flake it finely. Melt the butter, add the fish and a pinch of cayenne. Then stir in the cream. Make hot, but do not let the mixture boil. Pile it on slices of fried bread and garnish with the stoned olives cut into rings. Dish on a lace paper on a hot dish and serve hot. Garnish the dish with parsley.

**CHEESE AND POTATO PUDDING**  
Rub a fireproof dish with onion, butter it and sift breadcrumbs lightly over. Slice some cold boiled potatoes into this, place a few bits of butter over, a seasoning of pepper and salt and a few breadcrumbs and grated cheese. Repeat this until the dish is full, then cover with breadcrumbs to which has been added one-fourth of the quantity of grated cheese. Bake for 20 minutes in a quick oven.

### CREAM OF TOMATO SOUP

1 tin of tomato soup  
1 Large tin of Carnation Milk  
Heat the milk and the tomato soup separately, watching carefully to prevent scorching. When both are piping hot (not boiling) and you are ready to serve, pour the hot tomato into the hot Carnation and serve immediately. To avoid curdling be sure to pour the tomato into the milk instead of vice versa. Do not combine the tomato and milk until ready to serve as these should be heated separately. This makes a thick and delicious soup. Serves 4.

## BEANS IN THE SPANISH WAY

Peppers, onion, garlic, cheese, olive oil and chili powder are prime ingredients of the following recipe for lima beans—so you know instantly, of course, that these are a la Espagnole. You'll like them, be the day hot or cold.

Here's what goes into the dish:—

2½c. dried limas  
4½ tsp. salt  
1½c. minced onion  
1½c. minced green pepper  
peeled small clove garlic minced

6 tbsp. salad or olive oil  
¾c. seedless raisins  
1½ tsp. chili powder  
1½ tbsp. cornflour  
1½c. cold water  
1½c. grated cheese  
And you prepare it thus:—

Soak the dried limas overnight in water to cover, drain, cover with water and cook with 3 tsp. of salt for 45 min. or until tender; drain. Meanwhile, sauté the onion, green pepper, garlic and 1½ tsp. of the salt in the oil until delicately brown. Wash the raisins in hot water.

Mix chili powder and cornflour, and add the cold water a little at a time, stirring until smooth. Add with the raisins to the sautéed vegetables; cook 3 min. or until thickened.

Add the limas and 1c. of the cheese; pour into a 1½-qt. casserole. Top with the remaining ½c. of the cheese, and bake in a hot oven of 400 deg. F. for 20 min. Serves 6. To serve 2 or 3, make half this recipe.

### STUFFED HERRINGS

Ingredients: 4 herrings, 4oz. breadcrumbs, 1 teaspoon chopped parsley, 1 small onion, a little mixed herbs, 1 teaspoon lemon juice, 1oz. butter, salt and pepper. Split the herrings down the back and take out the large bone, then wash and dry them; mix the

## BAKING POWDER BISCUITS

2 cups bread flour  
4 tsp. baking powder  
1 tsp. salt  
4 tbsp. cold fat  
2 tsp. sugar  
1 cup Carnation Milk  
1 cup water

Sift dry ingredients, rub in shortening with finger tips or cut in with two knives. Add Carnation diluted with the water and mix to soft dough. Toss on slightly floured board, roll or pat out to 3 inch thickness, and cut with biscuit cutter. Brush top with thin layer of melted fat. Bake in a hot (450°F) oven for 10 to 12 minutes. Makes about 14 biscuits. Emergency Biscuits are made by using the same recipe, changing the liquid to 1 cup Carnation and 1 cup water. Drop by spoonful onto a greased tin and bake.

## COFFEE FLAVOURING

In the use of coffee as a flavouring the average cook is often not very successful. Yet delicious cakes, sweets and puddings can be made with coffee as the predominant flavour.

The principal reason for failure is that the coffee is allowed to cool with the grounds still in. Coffee for flavouring should be made exactly as for drinking, but stronger, and poured off from the grounds to cool.

Concentrated coffee may be used for making coffee ices and sweets. For this a special coffee syrup can be very easily made, and if it is put in an airtight bottle it will keep for an indefinite time.

Here is the recipe: Allow 3oz. of coffee to 1 pint of water. Make in the usual way, clear and strain. Then add 1lb. of sugar, bring to boiling and boil for three minutes. Pour while still boiling into a sterilised bottle. Seal and use as required.

breadcrumbs, parsley finely chopped, onion, herbs and lemon juice. Season well with salt and pepper and add the butter melted; divide the stuffing between the herrings, spread over the inside and close the fish, using small skewers; melt a very little fat in a frying pan and fry the fish carefully for 15 minutes, turning once or twice. Use only enough fat to prevent them burning. Serve very hot.

## BLOOD TESTS

### Japanese Expert's Beliefs

A question was asked in the House of Commons recently about blood group classifications as throwing light on paternity problems.

Whatever evidence may have been secured in that particular field of inquiry, general scientific opinion remains exceedingly sceptical about certain other blood tests which are being recommended in various countries.

For example, Dr Tsunemasa Arakaki, the medical expert attached to the Japanese Foreign Office, is a strong believer in the immensely superior qualities of the "O" type of blood, and if he is successful in persuading his Government to give him his head no one whose veins do not contain that particular variety will be admitted into the country's foreign service in future.

Dr Arakaki insists that the "O" qualities have been shown by tests to indicate calmness, strength of will, gentleness, and self-confidence.

### WORRY FOR JAPAN

Japan has been worried, it seems, over the disproportionate amount of ill-health suffered by her diplomats abroad and vexed by the high costs of medical treatment; it is therefore thought that Dr.

## WHY LORD CROMER IN RETIRING

The Earl of Cromer, who on July 1 is relinquishing the office of Lord Chamberlain, an appointment which includes the duties of Chief Examiner of Plays, explained to guests at a luncheon of the London Theatre Council recently the reason for his retirement.

"I am retiring, not for reasons of ill-health which have been attributed to me," he said, "but because I have reached the ripe age of 60, when I thought it a good thing for a young King and Queen to have young people around them."

"When I do retire I shall always have the most affectionate remembrance of the kindness I have received from managers, actors and actresses and everybody else."

The appointment of the Earl of Clarendon as Lord Cromer's successor has already been announced. Lord Clarendon is 60.

Arakaki's blood tests may get a trial.

But scientific opinion is so far no more convinced of the validity of the Arakaki theories than public opinion in this country is of the "blue blood" standard as applied to our own diplomats.

Another important blood test—the alcoholic test for drunkenness—though given considerable support in Germany and Sweden, recently elicited from Professor J. E. W. MacFall, of Liverpool University, the blunt opinion that the evidence on the subject was "non-sense."

## TRADITION OF THE KITCHENERS

The hope that a family tradition should be carried on by his grandson is contained in the will of Earl Kitchenier of Kharitoun, who became second Earl when his brother lost his life in H.M.S. Hampshire in 1919.

Earl Kitchenier, who died at Hooes Bridge, Kenya, left estate in Great Britain valued at £320.

He directed that the sum of £10,000, advanced to relieve his son of his marriage agreement, should be paid to Lady Broome, and that the sum of £3,000 should be devoted under his wife's will as therein directed.

The bulk of his property he left to his two younger grandchildren on attaining the age of 25 years, stating: "I hope my younger grandson will go into either the Navy or the Army. I direct that should he pass for either the Navy or Woolwich £100 a year is to be paid to him."

The grandmother of the Hon. Charles Kitchenier said to a reporter today: "Charles is still at Winchester, and he is going to join his brother, the present Earl, at Trinity College, Cambridge, this autumn."

"I rather think it is too late for him to join the Navy now, and it is a question of waiting to see what the young man thinks himself about the Army as a career. He is a great strapping boy 6ft. 3in. tall."

## ITALY PACT BREAKS 'VICIOUS CIRCLE'

Addressing the 1912 Club recently, Sir Arnold Wilson, M.P. for Hitchin, said that the Prime Minister had far more support in the country for his agreement with Italy than was indicated even by the large majority in the Commons.

Mr. Chamberlain had broken the vicious circle in which Mr. Eden had involved himself and had thus enabled Britain once more to play a dignified part in European politics.

He hoped that further agreements would follow between Italy and France, but they were unlikely to be successful until the French Government had a man at its head as strong as Mr. Chamberlain and with the same amount of public support.

The body of the late General Wang Ming-chang, Division Commander of Szechuan forces, who was killed in action at Tenghsien, was discovered and sent up to Szechuan for burial. On its arrival, over 40,000 people gathered at the Tsao Tien Men Jetty to mourn over the loss of this heroic warrior and General Ho Kuok-kuang personally offered sacrifices on the river bank. On the following day a grand memorial service was held in the Chamber of Commerce and was attended by representatives from the various circles.

His blood-stained coat with seven bullet holes was also brought back for burial beside the tower of Wong Kiang Lou in Chengtu.

## NEW DIRECTOR OF TATE GALLERY

Mr. J.K.M. Rothenstein

The Lords Commissioners of the Treasury have appointed Mr. J. K. M. Rothenstein, Director of the City Art Galleries and Ruskin Museum, Sheffield, to be Director and Keeper of the Tate Gallery, in succession to Mr. J. B. Manson, who has retired. The position carries a salary of £1,161 a year.

Mr. Rothenstein, who is 36, is the eldest son of Sir William Rothenstein, the founder and Principal of the Royal College of Art.

In 1932 he was appointed Director of the City Art Gallery at Leeds, and at the end of the following year was invited to Sheffield as the City's first Art Director.

Beginning from May 28, the Chungking Air Defence Headquarters started the collection of funds from the gentry and wealthy merchants for air defences.

Mrs. J. A. M. Marjoribanks, wife of the Acting British Consul in Hankow, is leaving for Hong Kong in the middle of this month.

## NEWS ABOUT THE SERVICES

## ROYAL NAVY

## FIRST OF THE TRIBAL CLASS

H.M.S. Afridi, first of the new Tribal class of destroyers, left Portland on May 28 for the Mediterranean. She is commanded by Captain G. H. Creswell, who will be Captain (D) of the 1st Tribal Flotilla on this station. The second ship of the class, H.M.S. Cosack, is due for completion next month, and will be commanded by Captain D. de Pass as divisional leader in the flotilla.

The new vessels are virtually small cruisers. Their normal displacement is 1,850 tons, about 500 tons more than earlier destroyers. In the main armament are eight 4.7in. guns, or twice the number mounted in previous types, indicating that the main purpose of the type is to hunt down and destroy hostile small craft, rather than to attack larger ships by torpedo. The number of torpedo tubes having been reduced from 10 to four.

## FLEET AIR ARM RATINGS

New regulations for the selection and training of ratings as observers' mates and air gunners, in the Fleet Air Arm are announced in Admiralty Fleet Orders issued on May 27.

The rating of air gunner, with non-substantive pay of 2s. 6d. a day, is open to volunteers from the seaman, signal and telegraphist branches not more than 22 years of age and at least 5ft. 2in. in height. The qualifying course lasts about 33 weeks, after which the men will be employed in aircraft carriers and catapult ships on air duties.

When not required for air duties they are to carry out the duties of their own branches and are eligible for advancement under the ordinary regulations for those branches.

Air gunners are not required to serve as such for any specified time and will not be called upon to undergo periods of general service. On ceasing flying finally they must relinquish their air gunner rate. Men who have served at least 1½ years as air gunner (confirmed) can volunteer for acting observer's mate, with pay at 3s. 6d. or 4s. a day.

The course for this lasts seven months and is a simplified form of the observer's course. Confirmation as observer's mate is after two years' service in the acting rank and carries pay of 4s. 6d. or 5s. a day.

Warrant rank as boatswain (O) will eventually be open to observers' mates, and the titles, qualifications, and employment of warrant officers so promoted are at present under review.

## HOWARD-CROCKETT PRIZES

## SQUADRON LEADER C. CHAPMAN

The retirement at his own request is announced of Squadron Leader Cyril Chapman, D.S.O., who has had 22 years' service with the R.N.A.S. and R.A.F. During the past two years he has been on administrative duties at the Electrical and Wireless School, Cranwell.

## RESERVE FLYING INSTRUCTORS

The following reserve officers have recently been tested as flying instructors at the Central Flying School and have been awarded category "B," with effect from April 8:—Squadron Leader C. W. McK. Thompson, Flight Lieutenant J. R. Palmer and S. J. H. Carr, and Flying Officer E. J. Hill.

## R.A.F. APPOINTMENTS

The following appointments in the Royal Air Force are notified:—

GENERAL DUTIES BRANCH  
Wing Commanders.—C. E. H. James, M.C., to Headquarters, R.A.F. Middle East, Cairo, Egypt, for duty as Senior Personnel Staff Officer (May 1); B. Ankers, D.C.M., to No. 2 (Indian Wing) Station, Risalpur, India, to command (April 25).

Squadron Leaders.—E. D. Barnes, A.F.C., to No. 3 (Indian) Wing Headquarters, Chakala, India, to command; S. R. Ubee, to No. 1 (Indian) Group Headquarters, Peshawar, India, for Air Staff duties (April 25); C. E. Hughes, to No. 60 (Bomber) Squadron, Kohat, India, to command (April 23).

## ANOTHER RECORD FOR THE R.A.F.

Not long ago one machine flew about an hour at 408 m.p.h. On May 24 nine planes flew eighty miles in formation—in fifteen minutes.

Hero of both flights was Squadron-Leader J. W. Gillan commanding No. 111 Fighter Squadron. It was he who recently flew from Edinburgh to London at 408 m.p.h.

His nine Hurricane fighters on the latter occasion made a "hurricane" tour of London.

The planes took off from Northolt (Middlesex). They flew via Hendon to Purley in the south, then completed a circuit of London, returning to Northolt fifteen minutes after they had taken off. Thus they covered approximately eighty miles at a height of 4,000ft. Their average speed was 320 m.p.h.

At times well over 400 m.p.h. must have been achieved. (Daily Mail).

## PROFESSORSHIP OF CHINESE LANGUAGE AT CAMBRIDGE

The Professorship of the Chinese Language and History will be vacant on October 1, and a meeting of electors will be held in July. Candidates should communicate with the Vice-Chancellor before July 8. The stipend is £1,000 a year, says The Times.

### MADAME X

A motion picture to stir the hearts of old and young alike comes to the Majestic screen starting today with the presentation of "Madame X" with Gladys George in the memorable title role and a featured cast of artists which includes John Beal in the role of the son and Warren William as the father.

Based on the play by Alexandre Bisson, with a fresh screen treatment by John Meehan who adapted such Norma Shearer hits as "The Divorcee" and "A Free Soul," the new picture emerges as a classic of all time, its heart-stabbing story of a woman's degradation and ultimate sacrifice to save the name of her son completely modernized in its narrative and the psychological treatment of its characters.

### JUDGMENT AGAINST CHAUFFEUR

### EDWARD EVERETT HORTON AS A STRONG MAN

The ludicrous ineffectiveness that typifies Edward Everett Horton in most of his screen comedy roles has made him a great favourite with film audiences.

Now audiences will have a chance of seeing him in a reverse type of role. In "Danger, Love At Work," which is showing at the Alhambra Theatre today, he is cast as a strong man, fairly exuding dynamic energy, the founder of the "Rogers Secret of Success" system.

He is ably supported in the picture by Ann Sothern, Mary Boland, Jack Haley, Walter Catlett and the "Pixelated Sisters" of Mr. Deeds Goes to Town fame.

Altogether a recipe for mirth and laughter!

#### WHO TOLD YOU THAT?

Jones pulled into the garage with a grinding of brakes, and asked to see a decent second-hand car.

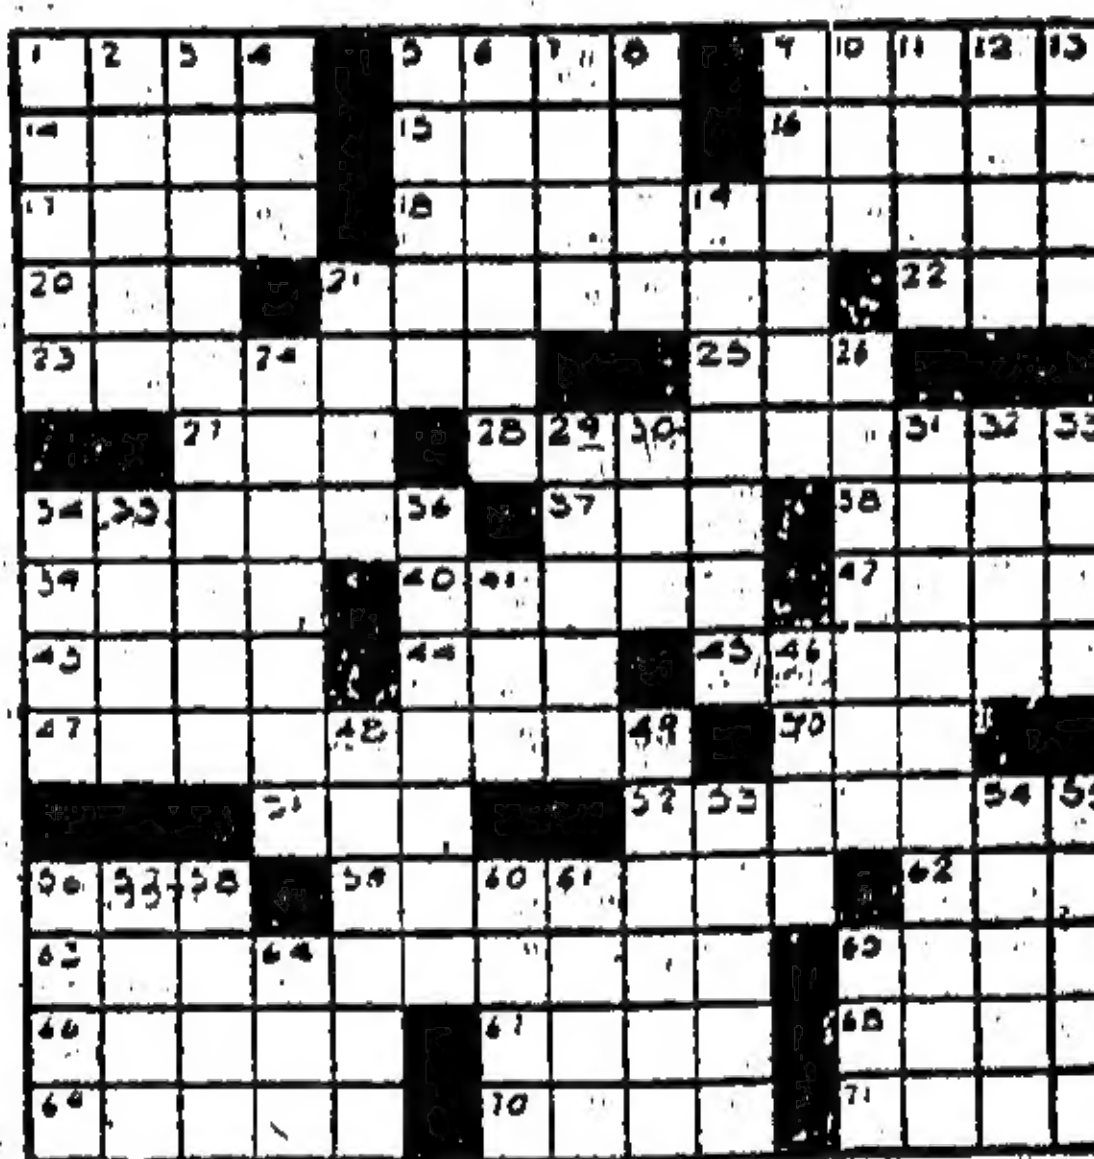

"Getting tired of the old bus?" inquired the garage keeper, as he ran his eyes over the battered vehicle.

"Yes, every time I park, her some blinking policeman comes running after me to make sure I've reported the accident."

### PUBLICITY FOR SEX CRIME

#### "A Sinister Disease"

The opinion that a great deal of sex crime is stimulated by the baser type of journalism and Press photography was put forward by Mr. W. H. Grace, pathologist and lecturer at Liverpool University School of Forensic Medicine, speaking at the annual meeting of the Liverpool Discharged Prisoners' Aid Society at Liverpool Town Hall recently.

"In some branches of the Press a sinister disease seems to be appearing, possibly due to the fact that the board of directors think more of increased sales and higher dividends than of clean and wholesome journalism. 'I refer to that Press which plasters its pages with semi-nude figures and fills its columns with disgusting material with a thinly veiled sexual background.'"

## CIGARETTE WITHOUT PAPER

Budapest, June 8.  
The invention of a cigarette without paper is reported by the paper, A Reggel. The inventor is the well-known young Hungarian author, Stefan Tamas, to whom it is stated an American company has made an offer of \$1,000,000 for the patent rights. Tamas is already on his way to America to conclude the agreement.—(Transocean).

## WELSH MINERS TO BOYCOTT JAPAN'S GOODS

Wishes Victory For China

London, June 8.  
An appeal for a boycott of Japanese goods by British miners was made yesterday by the Executive of the South Wales Miners' Federation, in a resolution expressing indignation against the ruthless war of aggression which "Japanese Imperialism is waging in China, with systematic barbarous and pitiless massacre of Chinese civilians."  
The resolution expresses the hope that Chinese victories will continue to have the effect of wearing down and ultimately smashing the power of the Japanese military clique, "opening the way to peace and freedom for democracy in Japan and liberating China from the danger of foreign domination."  
The resolution is being forwarded to the Prime Minister, Mr. Neville Chamberlain, and the Secretary for Foreign Affairs, Lord Halifax.—(Reuter).

## DR. SUN FO IN BRUSSELS

Pay Private Call On M. Spaak

Brussels, June 8.  
Dr. Sun Fo, President of the Chinese Legislative Yuan, arrived here yesterday from the Hague. Accompanied by the Chinese Ambassador, Mr. Chien Tai, Dr. Sun called yesterday on M. Spaak, Belgian Prime Minister. The visit was stated to be of a purely private character.  
Dr. Sun Fo declined to comment on recent reports of an agreement having been reached between China and the Soviet Union.—(Transocean).

## QUEEN SUFFERS SLIGHT COLD

London, June 7.  
It was officially stated today that the Queen is suffering from a slight cold and will in consequence remain indoors at Royal Lodge, Windsor Great Park, as a precautionary measure.—(British Wireless).

## U.S. BEGINS WARSHIP BUILDING

Washington, June 8.  
The Appropriations Committee of the House of Representatives has approved the expenditure of U.S. \$35,802,000 to start the naval expansion programme.  
This appropriation will allow work to commence immediately on 19 warships, including two 35,000 ton battleships.—(Reuter).

## GERMAN WEATHER EXPERT DEAD

Berlin, June 8.  
The death occurred yesterday of Professor Hugo Hergesell, pioneer in weather forecasts and weather service for air traffic.  
The late Prof. Hergesell collaborated with Count Zeppelin in the construction of the first airship.—(Reuter).

## U.S. GOVERNMENT TO TRACE CASH KIDNAPPERS

Washington, June 8.  
President Roosevelt has asked Congress for a special appropriation of \$50,000 to be used by the Federal Bureau of Investigation specifically for the purpose of tracing the kidnappers of 5-year-old "Skeenie" Cash.—(Reuter).

## Dying Words Of Former President

General Tsao Kun's Elation At Success Of Taierschwang

Hankow, June 8.  
"The happiest news I have heard in my lifetime was our success at Taierschwang. I hope our troops will continue their triumphant march until all of our lost territories are recovered. Although I cannot live to see our final victory, I shall be able to close my eyes peacefully."  
These were the last words of General Tsao Kun, President of China in 1923-34, when he died in Nanchang on May 16, according to information just received.  
General Tsao's utterances set to rest all vicious rumours previously circulated by the Japanese alleging that the 76-year-old ex-President had been prevailed upon to accept the role of Japanese puppet President in North China.  
In view of his loyalty to the nation, the Chinese Government is considering the bestowal of a pension on his family members, to whom a telegram of condolences has already been addressed.—(Central News).

## EIRE GENERAL ELECTIONS

Nominations For Dail Seats

Dublin, June 7.  
Today is Nomination Day for Eire's General Elections, which will be held on June 17.  
There are 219 candidates for the 137 seats.  
The Speaker, Dr. Frank Fahy, is unopposed, and is automatically re-elected.  
Mr. Eamon de Valera's Party, the Fianna Fail, has nominated 96 candidates. The Fine Gael, Mr. L. T. Cosgrave's Party, has entered 80 candidates, Labour 29 and Independents 14.  
Only four women are among the candidates. They are widows of former deputies.—(Reuter).

## HEAVY LOSS OF LIFE FEARED IN SPAIN RAID

Valencia, June 8.  
During the night Barcelona was severely raided twice and heavy casualties are feared.  
Alicante was bombed again and 20 injured.  
The casualties in the raid immediately previous are one dead and 100 wounded.  
Valencia was also raided but the casualties are not known.—(Reuter).

## POPE RECEIVES POLISH PILGRIMS

Rome, June 8.  
His Holiness the Pope yesterday received the Polish pilgrims from Warsaw who will convey the remains of the Polish Saint, Andreas Bobola, to his native land.  
The remains will leave Rome tonight.—(Transocean).

## LEAGUE MANDATES COMMISSION

Geneva, June 8.  
The Permanent Mandates Commission of the League of Nations meets today.  
One of the items on the agenda is the Report on Palestine and Trans-Jordan submitted by Sir John Shuckburgh, Under-Secretary for the Colonies.  
The Chief Secretary of the Territorial Government of Tanganyika will make a report on the administration of the territory.  
Reports will also be submitted by M. Maurice Debbons, director of the Agence Economique of French West Africa, on Togoland and Major O. W. Fuhrmann on Nauru and New Guinea.—(Transocean).

## Deliberate Attempt To Bar Entry To Ports

Paris, June 8.  
The British cargo steamer Thurston was yesterday bombed by Nationalist Spanish aeroplanes in the harbour of Valencia according to reports received here which add that although fairly extensive material damage has been caused no lives were lost.—(Transocean).

Barcelona, June 7.  
A Dutch collier was bombed and damaged during an air raid here last night.  
The Chief Officer of the ship was seriously injured and a British Non-Intervention control officer, who was a passenger, was slightly injured.—(Reuter).

## DELIBERATE ATTEMPTS

Alicante, June 8.  
The bombed English tanker, Maryad, is still blazing furiously in this port. She was struck on Saturday.  
The Thorpehaven and St. Winifred, aboard which British seamen lost their lives, are so damaged as to be unseaworthy.

The Thurston, over which a protest has been lodged, has been drydocked in Valencia.  
Three other ships beside her when she was hit were sprayed by shrapnel.  
Eight British merchant ships have been damaged or sunk within ten days, including four at Alicante since last Saturday. It is felt here that this is a deliberate attempt to prevent British ships entering Spanish ports.—(Reuter).

## NO MILITARY OBJECTIVES

London, June 7.  
The British Minister to Spain, who personally visited Granollers after it was severely bombed by insurgent planes on May 31, has reported to London that there were no military objectives in the centre of the town, where most of the casualties occurred.  
There are a few factories and an aerodrome on the outskirts of the town.—(Reuter).

## REFUSE TO RETURN TO SPAIN

Buenos Aires, June 7.  
Forty-five out of 50 of the crew of the British steamer Celtic Star, now loading meat here, have refused to return to Spanish waters. The ship was bombed there by insurgent planes on its last voyage.—(Reuter).

## DRUNKEN SOLDIER SHOOT DOCTOR

Peiping, June 8.  
Dr. Frederick Scovel, American Presbyterian missionary, was shot through the body yesterday by an allegedly drunken Japanese soldier when protecting Chinese nurses at the mission hospital at Tsining which the soldier is said to have entered looking for women.  
Dr. Scovel was seriously injured but is expected to recover.—(Reuter).

## GERMANS LOSE NATIONALITY

Berlin, June 8.  
The latest German official gazette contains a list of 145 persons who are declared to have ceased to be German citizens under the operation of the law on cancellation of citizenship and deprivation of civic rights.  
Among these is Leo Sklarek, who was sentenced some years ago to a heavy term of penal servitude for extensive defalcations against the city of Berlin.—(Transocean).

## Massacres In Canton

[To the Editor of 'Hong Kong Daily Press']

Sir,—I am shaving. It is almost 8.30. I am up rather late because our train was held up last night, and we did not get into darkened Canton until near 12 o'clock. I hear the familiar clang of the air raid warning. I go on shaving. There is still some ten minutes yet to go before they come over. But it is impossible not to think about them, even though in a roundabout way.

I remember that the razor was my last present from my mother before she died. I have had it well over ten years. I got it when I was just having the first few hairs on my chin.

I finish washing and the next bell goes. The round begins. The dull thumping "boom" of the anti-aircraft. An occasional low hum. Somehow it seems far away. I dress rather slowly and putter about my papers. Near nine o'clock it is over, and I have breakfast. That was a quiet round—as far as I was concerned. But I hear that four bombs fell about a couple of hundred yards away. They were aiming at the Pearl River bridge. But miss it.

We thought that that would be all for the morning but we were mistaken. At half past ten another warning sounds. I am dressed now so I run outside to see. Two planes are circling high above very high. I hear another group over to the right behind the houses. Little puffs of smoke appear against the glorious blue of the sky, but they are far away from the planes, that dive in and out of the clouds.

The door-keeper pulls me by the shoulder into the gate-house. His ear has detected a zooming that now plays always in my ears. And a massive explosion somewhere near the power station down the road shakes the whole building. A minute after a crowd of people rush by, some Red Cross volunteers, leading the wounded who can walk. A man is brought by on a piece of canvas. At the next zoom of the falling bomb—or is it a plane power diving?—I throw myself like the rest flat to the floor and stick my head under a table. I suppose its my glasses that always make me want to protect my head.

Another explosion this time at the back of us, and we see the clouds of smoke. It's a fire started. The floor in the gate-house is covered with dust. Then again one side is completely open and the debris are machine-gunning as they dive. No place to lie here, so I run across to the 'Y' building during the next clear lull.

The hall of the 'Y' is crowded with people, women, children, old men and the Red Cross volunteers, boys and girls. They are lying in bunches on the floor close to the walls. I take up a seat at a table with a thick marble top. They say that sometimes this is a help against falling ceilings.

Another zoom, nearer this time. It seems just overhead. Under the table, head in lap, instinctively I close my eyes. A shattering explosion. The windows rattle, panes of glass break. Then the ratt-tatt-tatt of the machine-guns. Then complete silence.

All safe around here so far—but the next one. Here it comes. Shatter! On my first day? No not this time. The patter of feet outside, more people crowd in. Yes you can't help getting nervous even if you do put on a calm face.

Between the death warning zooms, a woman next to me moves restlessly from one corner to another. It is rather futile. If it does fall on us its only luck that will decide who is to go and who is to stay. A baby is sleeping in its mother's arms. A bird gives a frightened trill. We all seem frozen. The city holds its breath. Then again the dull thud of the A.A. batteries. We are alive.

A whistle sounds outside and the Red Cross volunteers, scramble up. Then the wounded are brought in.

REV. SARGENT'S  
NEW POSTAppointed Assistant  
Bishop Of Fukien

The Rev. C. B. R. Sargent, Head Master of the Diocesan Boys' School since 1932, has been appointed by the Archbishop of Canterbury as Assistant Bishop of Fukien.

He will not take up his new duties until the end of the year. The School Council has been fortunate in hearing of a successor who will maintain the good work recently done in the school, and hopes to be able to announce in the near future that he has accepted the appointment.

FILM OF CANTON  
BOMBING LOSTDisappeared From  
K.C.R. Coach

A film record of the bombing of Canton, taken by Mr. A. T. Hull, was either lost or stolen while it was being transported to Hong Kong by train on Tuesday night. Altogether there was about 1,200 feet of film in the suitcase bearing all of Mr. Hull's personal belongings and a cine camera.

The train was held up early in the evening by a raid, during which three flares were dropped by the planes, evidently in search of something. The passengers immediately went into the adjoining paddy-fields. They later returned to their train which, fortunately, was not bombed.

The train arrived in Hong Kong at 5 a.m. yesterday morning and it was then that the discovery of the loss was made.

Mr. Hull hopes to be able to find his suitcase with the very valuable length of film, which depicts the ruthless bombing of many parts of the Kwangtung capital.

UNSUCCESSFUL  
APPEAL AGAINST  
EVICTION

The first unsuccessful appeal by a tenant against an eviction order since the passing of the new Prevention of Evictions Ordinance was recorded in Chambers yesterday by the Acting Chief Justice, Mr. Justice R. E. Lindsell, when an appeal for extension of time brought by Chan Chi-pan, tenant of No. 21 Nga Chin Wai Road, first floor, was dismissed.

On May 24 a claim by Mr. Wong Kan-tak, landlord of the premises, for recovery of possession, had been upheld, and an order for delivery of the premises within 14 days, with mesne profits at the rate of 50 cents a day as from May 11, was made.

Mr. Peter H. Sin, who had appeared for the landlord at the original hearing, resisted the application yesterday on the grounds that (1) appellant had not paid respondent's bill of costs for the hearing, (2) appellant had always been a bad tenant, as had been proved at the hearing, (3) respondent wanted the premises back for his own use.

SITE FOR  
MEMORIAL TO  
KING GEORGE V.

## Architect's Criticism

Tentative decisions of the Site and Statute Committee of the King George V. Memorial Fund regarding the Westminster site were criticised recently by Mr. H. S. Goodhart-Rendel, president of the Royal Institute of British Architects.

Proposing the toast of "The City of Westminster," at the dinner of the Mayor, Councillor H. S. E. Vanderpant, at the Dorchester Hotel, he said:

"I fear that much more will be sacrificed than gained in the clearance for the King George V. Memorial now projected to the south and east of Westminster Abbey."

"No doubt a noble site will be secured—and no site could be too noble for the purpose—but I am convinced that the Abbey must suffer by the present proposals."

Mr. Leslie Burgin, Minister of Transport, also spoke.

HIMALAYAN

"TREAT IT LIKE  
ATTEMPTS AT  
MURDER"Admiral Denounces  
Sabotage

Stern words about sabotage in the Navy were used by Admiral of the Fleet the Earl of Cork and Orrery, Commander-in-Chief, Portsmouth, when addressing 1,000 new recruits at an inspection at the Royal Naval Barracks, Portsmouth, recently.

"The Service recognises good men but it has no use for bad men," he said. "You will meet some bad men among yourselves."

"They may try to distract you from your duties and get you to do things you know to be wrong. The only way to get rid of men of this type is to put them over the side."

"If you meet men who tamper with important parts of the ship's equipment and possibly endanger the ship—and there have been cases recently—it is your duty to report them, or otherwise you may see your friends go to their death. You should deal with them as you would deal with men who attempt to murder your comrades."

Lord Cork reminded the new recruits that they had joined a fighting service and anything they did should be carried through in the fighting spirit.

## COUNTRY'S AMBASSADORS

No one could get on in a tight or in the Navy in a half-hearted manner.

When they went out in uniform they represented the Service to which they belonged. "Every time you land abroad you are representing not only your own Service but all three Services of the Crown and you are an ambassador of your country," he added. "By your bearing, dress and appearance foreign people will judge you and your countrymen."

A large gathering of members of the Social and Fellowship Club attended the open air Whitsuntide Service held in the grounds of the Diocesan Girls' School last night. The Service was conducted by the Rev. Frank Evison, who spoke on "The Real Presence."

FOOT  
ITCH  
Athlete's Foot

According to the Government Health Bulletin No. E-28, at least 50% of the adult population of the United States are being attacked by the disease known as Athlete's Foot.

Usually the disease starts between the toes. Little watery blisters form, and the skin cracks and peels. After a while, the itching becomes intense, and you feel as though you would like to scratch off all the skin.

## BEWARE OF IT SPREADING

Often the disease travels all over the bottom of the feet. The soles of your feet become red and swollen. The skin also cracks and peels, and the itching becomes worse and worse. Get rid of this disease as quickly as possible, because it is very contagious and it may go to your hands or even to the under arm or crotch of the legs.

Most people who have Athlete's Foot have tried all kinds of remedies to cure it without success. Ordinary germicides, antiseptics, salve or ointments seldom do any good.

## HERE'S HOW TO TREAT IT

The germ that causes the disease is known as Trichophyton. It buries itself deep in the tissues of the skin and is very hard to kill. A test made shows it takes 15 minutes of boiling to kill the germ; so you can see why ordinary remedies are unsuccessful. H. F. was developed solely for the purpose of treating Athlete's Foot. It is a liquid that penetrates and dries quickly. You just paint the affected parts. It peels off the tissue of the skin where the germ breeds.

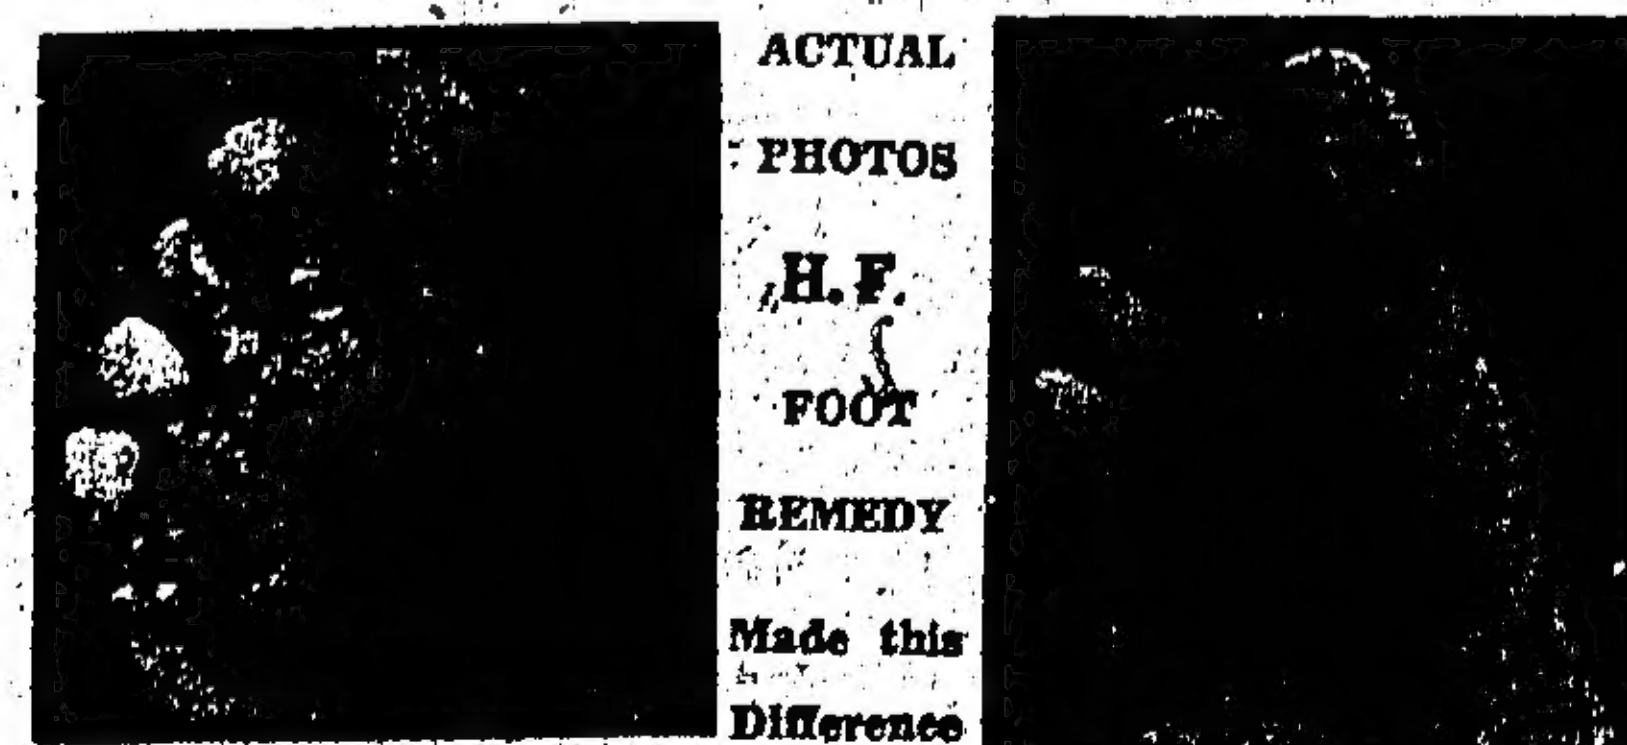

## ITCHING STOPS IMMEDIATELY

As soon as you apply H. F. you will find that the itching is immediately relieved. You should paint the infected parts with H. F. night and morning until your feet are well. Usually this takes from three to ten days, although in severe cases it may take longer or in mild cases less time.

H. F. will leave the skin soft and smooth. You will marvel at the quick way it brings you relief, especially if you are one of those who have tried for years to get rid of Athlete's Foot without success.

HONG KONG, JUNE 9, 1938.

## HIS MAJESTY KING GEORGE THE SIXTH

HONG KONG, Far Eastern outpost of the British Empire, will join wholeheartedly with the rest of the world in the official celebrations today in honour of the forty-third birthday of His Majesty King George VI, who was proclaimed King on December 12, 1936, and on May 12, 1937, with Her Majesty Queen Elizabeth, was crowned in Westminster Abbey.

Destined for a naval career, His Majesty was sent to Osborne and the Royal Naval College, Dartmouth. After completing his course there, he was appointed in September 1913 to H.M.S. Collingwood as a midshipman. During the Great War he served as a sub-lieutenant in the Battle of Jutland and was mentioned in despatches.

Unexpected as it was, his assumption of the duties and heavy responsibilities of Sovereign was made much easier by the efficient training he had received as a youth with the Silent Service.

King George gave early indication of his awareness of the responsibilities to their subjects of members of the Royal Family and his first public function was the opening of a rifle range at the Houses of Parliament in March 1916.

In June 1920 he was created Duke of York.

IN JANUARY 1923 His Majesty was betrothed to Lady Elizabeth Angela Marguerite Bowes-Lyon, fourth daughter of the Earl and Countess of Strathmore and Kinghorne. Her family is one of the most ancient in Scotland.

Few Royal betrothals have aroused so much enthusiasm as did this engagement and their marriage made stronger ties which bind England and Scotland.

Amid the toil and aggression of the year that has passed since the Coronation, many constructive developments have taken place in the British Empire.

These developments intimately concern the Crown as a symbol of unity among the nations of the British Commonwealth, and they point to growing co-operation for peace between the old world and the new.

The main task of King George VI—and he has been fulfilling it conscientiously and efficiently—has been to serve his people in the tradition which earned so much respect and affection for his revered father.

It can now be said with confidence that King George has made a success of his Royal task and that both he and Queen Elizabeth have won popularity as high as that in which King George V and Queen Mary were held.

THE BRILLIANTLY staged Coronation helped in this direction. Generous hospitality unprompted extended at Buckingham Palace to representatives of all classes of the community has also been a factor.

But most of it has been done by the King and Queen themselves, aided by the simple charm of their two children, Princess Elizabeth and Princess Margaret Rose.

The outstanding element has been their Majesties own genuine personal interest in the welfare of the other folk, and their single-hearted devotion to the heavy duties of their position.

King George VI. has not yet passed through any prolonged period of intense national tribulation, despite the great international difficulties of the past year. Nevertheless, His Majesty has been building up traditions of conscientiously performed national service.

His Majesty has satisfied the exacting ideals expected of him individually and collectively by the

## BIRTHDAY HONOURS

### Knighthood Conferred On Hon. Mr. R. H. Kotewall

### AWARDS FOR MR. J.H. TAGGART AND DR. R.B. JACKSON

Three Hong Kong residents are included in the King's Birthday Honours List.

A knighthood is conferred on the Hon. Mr. Robert Kotewall, C.M.G., LL.D., while Mr. James Harper Taggart, Managing Director of the Hong Kong and Shanghai Hotels, Limited, and Dr. Robert Best Jackson, Malariaologist in the Medical Department, are appointed Officers (Civil Division) of the Most Excellent Order of the British Empire.

#### SIR ROBERT KOTEWALL

Sir Robert Kotewall is recognised as one of the leading figures in the Chinese community of Hong Kong and to him, in great part, are due the friendly relations now existing between the Colony and the Province of Kwangtung.

He started life as junior clerk in the Police Department and, as a result of his outstanding ability, he was appointed to positions never before or since held by a Chinese.

On leaving the Government Service in 1916 to take up the management of a commercial firm, Sir Robert Kotewall received the thanks of the Government for his "indefatigable and extremely efficient and trustworthy services."

#### COUNCIL MEMBER

In March 1923 he was appointed acting unofficial member of the Legislative Council and given the substantive appointment in the following October. Sir Robert Kotewall has the distinction of having been the only nominated member ever to have been appointed to the Legislative Council for a third term.

He was awarded the LL.D. by the Hong Kong University in 1926 and the C.M.G. by His Majesty the King in January 1927.

Since his appointment to the Legislative Council, Sir Robert Kotewall has identified himself with practically every public and charitable institution in the Colony.

The number of special committees and commissions upon which Sir Robert Kotewall has served since 1923 has been remarkable. But not only has he found time to service on these committees and commissions but he also sits on many public committees in an ex officio capacity.

### ANGLO-AMERICAN NEGOTIATIONS HITCH HINTED

Paris, June 8.  
Disappointment is manifested by the press at the adjournment of the Anglo-American economic negotiations till the autumn.

The Figaro declines to accept either of the two explanations put forward for an adjournment, namely, the intense heat prevailing in Washington, and the necessity of awaiting the result of the American elections next November.

The paper is not sure whether the failure of the negotiations, which it says were destined to bring about the conclusion of a treaty demonstrating the solidarity of the great western democracies, is attributable to opposition of American industrial circles or to that of the British Dominions.

In any case, says the paper, the fact remains that a hitch has occurred and this is greatly to be deplored.—(Transocean).

#### H.K. SWELTERS

A maximum temperature of 91 degrees was recorded yesterday. This is the highest level for the present summer and approaches the record for the month of June, 91.5 degrees, recorded in 1898.

The reading was taken in the afternoon, the minimum being 79 degrees.

Humidity at 10 a.m. was 70 deg and at 4 p.m. 61 deg.

Although June is one of the rainy months, no rainfall has been recorded. The total rainfall since January 1 is 21.34 inches, against an average of 28.58 inches.

four hundred and fifty million diverse people who look to him as King.

God save the King. Long may he reign.

During the past three years, because of his position on the Executive Council, he has not been in the public eye as much as previously. Nevertheless, his work is just as heavy and certainly more onerous and responsible.

#### DR. R.B. JACKSON

Dr. Robert Best Jackson, M.D., B.Ch., D.P.H. (Dublin), who has been awarded the O.B.E., in the King's Birthday Honours, is the Malariaologist in the Medical Department.

Before coming to Hong Kong, Dr. Jackson was with the Government service in the Federated Malay States. He was first appointed Medical Officer, Seremban, on November 20, 1920, and in the following year was Acting Health Officer, Negri Sembilan.

On November 20, 1922, he was appointed Health Officer, Negri Sembilan, and four years later became Health Officer, Pahang West, Kuala Lipis.

Dr. Jackson was appointed to the Medical Department, Hong Kong, on April 20, 1930.

#### MR. J.H. TAGGART

Mr. J. H. Taggart, Managing Director of the Hong Kong and Shanghai Hotels Limited, who receives the O.B.E. decoration, was identified with the arrangements for the care of the Shanghai refugees who came to Hong Kong last August. He took a keen and personal interest and worked indefatigably.

Mr. Taggart is a non-official Justice of the Peace and is a member of the consulting committee of the Hong Kong Fire Insurance Company Limited. He is managing director of the Grand Hotel Des Wagon Lits Ltd., and a director of the Hong Kong Travel Association, Lane-Crawford Ltd., and the Hong Kong Realty and Trust Company Ltd.

Mr. Taggart is also chairman of the Board of Directors of the Green Island Cement Company Ltd., and is Honorary Vice-President of the Hong Kong University Union.

### ENGLAND LOSE TWO MATCHES, BUT WIN 6-3 IN WOMEN'S GOLF

England's women golfers met with a series of surprises when they opposed Ireland in the first of the women's international matches at Burnham and Berrow recently.

Although they had a remarkably strong team, they lost the top two matches. In the third match, too, Miss Phyllis Wade could finish only all square, and had to go out again; but Ireland's run was checked by Miss Elsie Corlett, who defeated Miss Ellis by 5 and 4.

Miss Pamela Barton played top for England, and lost by one hole to Mrs. J. B. Walker, mainly through bad putting.

In the second match, Mrs. M. Garon, who captained England, lost by the same margin to Miss C. Tiernan.

England's remaining players did better, and in the end Ireland were beaten by six matches to three.

The biggest surprise of the round was the defeat of the Open champion, Miss Jessie Anderson (playing top for Scotland, against Wales), by 3 and 1 by Mrs. Graham Emery.

Mrs. Emery holed five tremendous putts, and after being one up at the turn gradually increased her lead.

Results:

#### IRELAND v. ENGLAND

England won 6-3.  
Mrs. J. B. Walker (Ireland) beat Miss Pamela Barton one up.

Miss C. Tiernan (Ireland) beat Mrs. M. Garon one up.

Miss Elsie (Ireland) lost to Miss E. Corlett 5 and 4.

Miss D. Fergusson (Ireland) lost to Miss P. Wade at the 20th.

Miss S. Moore (Ireland) lost to Miss K. Gurnham 2 up.

Miss E. Jackson (Ireland) lost to Miss M. Gourlay 2 and 1.

Miss Glidea (Ireland) lost to Miss J. Hamilton one up.

Mrs. E. Fletcher (Ireland) beat Miss M. Fyfe 2 up.

Miss C. Macgeach (Ireland) lost to Miss B. Norris 5 and 4.

SCOTLAND v. WALES  
Scotland won 6-3.

Mrs. G. S. Emery (Wales) beat Miss Anderson 3 and 1.

Mrs. Holm (Scotland) beat Mrs. Bridge 3 and 2.

Miss Purvis-Russell-Montgomery (Scotland) beat Miss Barron 5 and 4.

Miss B. Fyman (Wales) beat Miss D. Park (Scotland) 3 and 2.

Miss M. Thompson (Wales) beat Mrs. R. T. Peel (Scotland) 3 and 1.

Miss N. Cook (Wales) lost to Miss N. Baird (Scotland) 6 and 5.

Miss M. Brearley (Wales) lost to Mrs. W. Greenlees (Scotland) 6 and 5.

Mrs. Mackean (Wales) lost Mrs. I. Bowhill (Scotland) 3 and 2.

Miss H. Reynolds (Wales) lost to Miss H. Nimmo (Scotland) 9 and 8.

#### OIL RULING

Mexico City, June 8.

Foreign oil companies have been refused injunction against exportation but the Courts have ruled against the use of moneys in the oil companies or deposited in banks, by oil companies in the Government which also cannot use accounting books and correspondence "belonging to the oil companies."—(Reuter Bulletin).

He thinks the presence in Hankow of women who have no unavoidable reason for being here in the present circumstances undesirable, and he would be glad to see those who can do so leave.—(Reuter).

## Hello & Goodbye

—BY A. W. HYER—

WANTED one round the world ticket, first class, tourist or stowaway. Has anyone a ticket they are not using?

During the past few days we have had the pleasure of covering two round-the-globe ships, and we are just about ready to become some kind of an "ist." Envyist will be our union and, the next coracle that stops here in its running around the world will be occasion for a strike.

Whoa! somebody must have put a penny in us.

#### President Polk

EIGHTY-FIVE days going places and seeing things via the President Polk—now you would have something there. A most compact and comfortable ship, a charming bachelor captain, strong and willing officers at your service. All this we discovered at 7.45 a.m. yesterday when the President liner tied up at the wharf for a twenty-four hour call.

Mr. A. T. Rowe, Jr., connected with the Department of State, Washington D.C., is returning to his desk in Shanghai, where he will work with the American Consulate.

Mr. Rowe has had three tours of duty in Japan and knows the Far East very well. He has been enjoying his vacation in travel but is glad to be going back to work in Shanghai.

He will be a guest in Hong Kong for a week or so before shipping out to the north. We hope you have a pleasant stay and we will be down to say "aloha."

FOOCHOW BOUND  
EN ROUTE to Foochow were the Misses G. Davis and E. McBee, who were arrivals via the President Polk.

We caught these ladies at breakfast and found them not too pleased that their perfect sea trip was at an end.

Miss Davis and Miss McBee are engaged in missionary work and will proceed to Hwanan College where they will carry out their missionary activities. They were aboard the President ship when she caught fire at the wharf in San Francisco.

"I was very excited, we were awake and watched the performance of the fire departments and fire boats in quenching the fire. It was three a.m. of Friday 13th, however, we did not sail until the 14th," they reported.

We wish you all the best of luck in Foochow and hope you will visit Hong Kong in the near future.

"I am not an interesting person," reports Capt. Carl Hawkins, who takes his President Polk calling in all the large ports of the world several times a year. But don't believe him.

Captain Hawkins has been the guiding hand of the President vessel for two years, his record with the Dollar dates back to 1920. He states that the fire aboard his ship in San Francisco was due to combustion, and it did little damage. Of course, if the accident was to happen, he was glad it was in port.

We hope the rest of your voyage will be free of such incidents but be careful some attractive Miss does not find you out Captain.

Arizona Maru  
ANOTHER round the worlder detached herself from her buoy, Monday, 4.30 p.m., bound for Singapore; southern ports, South America and Japan. The passenger list was small, but she was carrying a heavy cargo.

An interesting passenger on the Arizona Maru was the Rev. A. Trabeld, a German Father of the Benedictine Mission, bound for Dar-es-salaam, Africa.

Rev. Trabeld has spent a few years in the Philippines and will now remain in Africa, working among the natives and in the Mission there indefinitely. He does not expect to return to his home country for many years.

The white colony there is very small, composed mainly of other Fathers, approximately 25. Rev. Trabeld has not lived in this country before, but he paid a short visit to the Mission several years ago and was very impressed with the work and teaching, which was carried out in that native part of the country.

Our best wishes go with you for success in your work.  
Mr. and Mrs. A. G. Oliver, two other passengers on the Arizona Maru, are bound for Mombasa. We could not get much information from these two delightful people due to the fact they just did catch their boat.

A Walla Walla dashed (it is possible) alongside at the last minute and deposited Mr. and Mrs. Oliver on the gangway just as they were about to pull it up. Consequently it was truly a quick "Hello and Goodbye" and no information gathered.

We hope you have a pleasant journey and stay and will be back soon.

Empress of Asia  
BACK from Manila, 8 a.m. was the Empress of Asia and not bringing any cool weather with her. But what's a little warm, murky weather; we were on tap to start that game of "There they are, no they aren't."

Such it was with Mr. R. R. Roxburgh and Miss N. J. Roxburgh, who were completing a round trip to Manila.

Mr. Roxburgh of Thornycroft & Company, Ltd., and his daughter departed from the ship before we could say "welcome back, how was Manila and the trip." So sorry, but we are sure you had a perfect time and yet are glad to be back home again.

Mr. and Mrs. F. C. Koch, of Wichita, Kansas, were another pair of round trippers. Mr. Koch is a consulting engineer from Wichita, who is enjoying a vacation in the form of a world trip, taking various side trips out of the main ports of the world. They will soon be leaving our fair city and we will then say Bon Voyage at that time.

M. V. Rays  
We have not given this beautiful Dutch vessel any space in this issue but will give you all the "dope" and "low down," so to speak, Monday, as we are now on our way to wish lots of fun and happy days to the passengers and officers before they sail on this modern liner.

### WOMEN TOLD NOT TO REMAIN IN HANKOW

Hankow, June 8.

The British Consul-General here informed Reuter's correspondent that he is in general agreement with the notice issued on June 4, by the Foreign Residents' Association deploring the return of women and children who were previously evacuated from Hankow.

He thinks the presence in Hankow of women who have no unavoidable reason for being here in the present circumstances undesirable, and he would be glad to see those who can do so leave.—(Reuter).

### CINEMA OWNERS ATTACK FILM STARS

#### Complaint That Some No Longer Attract

A bitter controversy is raging in Hollywood over an advertisement inserted in a local trade paper by a group of cinema owners, asserting that some of the most glittering stars in the colony's firmament had become "poison" to the box-office, says the Daily Telegraph.

"Among these players, whose dramatic ability is unquestioned but whose box-office draw is nil," declared the announcement, "can be numbered Mae West, Edward Arnold, Greta Garbo, Joan Crawford, Katherine Hepburn, and many others."

"Greta Garbo, for instance, has tremendous drawing power in Europe, which does not help the theatre-owners in the United States."

"Marlene Dietrich, too, is poison to the box-office."

Practically all major studios are burdened, it is complained, with stars who receive tremendous salaries, but who no longer attract the public, and these "box-office deterrents," as they are called, have been put in expensive pictures in the hope that they will earn some part of the millions they are paid.

Mr. Harry Brandt, head of the Independent Theatre Owners' Association, said recently:

"We are not against the star system, but we do not think they should dominate production pictures."

The actresses named all refused to comment on the allegation in the advertisement.

# CANTON BOMBING CONTINUES UNABATED

## SAICHUEN POWER HOUSE PARTIALLY DEMOLISHED

### Appalling Situation In The Hospitals

Canton, June 8.  
For the twelfth day in succession, Canton was bombed by Japanese planes yesterday morning, causing further pitiful loss of civilian lives and extensive damage to property.  
Thirty-one raiders appeared over the city at 10.50 a.m. and successively bombed Honam Island, Wongsba station, Saichuen, the Government offices and the vicinity of the White Cloud mountain.  
The British-owned power house at Saichuen suffered a direct hit and was partially demolished, while eight bombs fell in the compound. There were, however, no casualties.

#### CITY IN DARKNESS

The power house was also bombed last night and the power supply failed, the city being plunged into darkness.

The air raid alarm, which is electrically operated, was out of action this morning and bells are now being used.

The hospitals are the hardest hit by the lack of power, particularly as regards the preservation of serums, X-ray work, operations and other general work. With the thousands of badly wounded in need of urgent succour, the situation is stated to be most appalling.  
Nearly 20 bombs were dropped on the Saichuen district today.

#### LINGNAN BOMBED

Three bombs landed in the compound of the Lingnan University in Honam, where 31 Americans, three Britons and one German reside.

One bomb was embedded in the pathway and did not explode but the other two detonated with a terrific roar and shook the buildings occupied by the staff, from which the occupants were watching the raid.

One Chinese woman was killed in the University's compound, while several foreign women on the staff are suffering from shock.

It is stated that the nearest military objective, an anti-aircraft battery, is one and a half miles away.

#### OIL TANKS ON FIRE

It is believed that bombs landed also on the "Christian Village" on Honam Island, while the bombing of Wongsba caused two tremendous fires amongst the oil stocks, the flames leaping 50 feet high.

One large group of houses was also demolished in the Wongsba district.

Windows in Shameen, which is very near to Wongsba, were shattered this morning while the terrific concussion of the striking bombs was felt in the German Consulate and nearby buildings.

## RUTHLESS BOMBARDMENT OF YANGTSE BANKS

Tsingyang, June 8.

More than 2,000 shells were fired on the Chinese defence positions along the Yangtse in the vicinity of Tatung, Hoyueh, and Kiuhsien upriver from Wuhu during the last several days by a dozen Japanese vessels, demolishing hundreds of civilian houses on the banks.

Presaging fresh movements by the invading forces, Japanese planes have been active in subjecting the riparian positions to incessant air bombardment. It is reported that for the past few days, more than 1,000 missiles, light and heavy, were rained from the enemy planes.

Wholesale demolition of houses along the bank at a number of points was reported, which constitutes the only damage inflicted by the combined Japanese naval and aerial activities. — (Central News).

#### HEAVY ENCOUNTER

Kwangteh, June 8.

More than a score of Japanese were killed and many others wounded during a heavy encounter between a detachment of Chinese guerrillas and 500 Japanese troops, 30 kilometres north of Liyang in south Kiangsu early yesterday morning.

The engagement, which lasted for two hours, claimed also a number of casualties on the Chinese side.

Heavy fighting is continuing. — (Central News).

## REBEL PLANES DROP 50 BOMBS ON ALICANTE

### British Consular Official Has Narrow Escape

Alicante, June 8.  
Hitherto 32 persons have been killed and 100 injured in today's air raid carried out by four Nationalist planes.

Fifty bombs were dropped and the British Vice-Consul had a narrow escape.

The Belgian Consulate caught fire but the outbreak was quelled. A church was also bombed and destroyed.

A British dredger was bombed at a port 40 miles south of Valencia and was disabled, but it did not sink. — (Reuter Bulletin).

## SITUATION IN AMOY

### Japanese Report Improvement

Shanghai, June 8.  
The Japanese Consular authorities in Amoy are co-operating with the naval authorities with a view to improving the situation, stated a Japanese Embassy spokesman this evening.

The Formosan Government has been sending foodstuffs consisting of rice, flour and other commodities for the relief of the food situation in Amoy.

The general situation in Amoy has improved considerably and the authorities will shortly give permission to return to those Japanese residents who have been living in Amoy before the war. Permission will also be given within the next few days for the return of foreigners and some Chinese.

General Calame, who was sent to China from Geneva by the International Red Cross Society to investigate conditions, told Consular representatives that he was "thoroughly satisfied" with the order being kept in Amoy.

Foreign shipping will be allowed to enter Amoy after the "revised tariff scheme comes into effect." — (Reuter).

## TRIBUTE PAID TO GENERALISSIMO

(Continued from Page 1)

opponents in his own country admit that Chiang Kai-shek is the only man capable of mastering the situation, and he has consequently been given practically unlimited powers. Of humble origin, the Generalissimo has risen to the highest possible dignities.

The Sino-Japanese war had now brought to light the wonderful qualities of Chiang Kai-shek as a statesman and a general.

In conclusion, Herr Kuehlmann refers sympathetically to the important part played by Madame Chiang Kai-shek, who as a correspondent of many leading foreign newspapers, has actively assisted her husband's work and largely contributed to the awakening of sympathy of the outside world for China in her formidable struggle. — (Transocean).

## OUT OF TEST

An X-Ray picture of the Australian Wicketkeeper, C. W. Walker's finger, damaged in the match against Essex disclosed a fracture. He will not be able to play for six weeks. — (Reuter).

## JAPANESE WILL APPOINT NEW C-IN-C IN NORTH CHINA

Tientsin, June 8.

Following Lieut.-General Seishiro Itagaki's assumption of the post of War Minister in the reshuffled Konoye Cabinet, a new commander-in-chief for Japanese troops in North China will be appointed to replace General Council Hasegawa Terauchi, according to a Chinese report.

Martial law was proclaimed in Peiping yesterday, and this lent colour to the report that the new commander had arrived in the former capital.

General Itagaki served as chief-of-staff of the Kwantung command, when General Terauchi was War Minister two years ago. — (International).

## JAPANESE PLATOON WIPED OUT

Kinhwa, June 8.

In a surprise attack on the small village of Tungli near Wukiang in southern Kiangsu, Chinese guerrilla troops wiped out a platoon of about sixty Japanese soldiers in the early morning of June 4.

Hearing that the Japanese were using a large building there as their headquarters, the Chinese command picked a detachment of plain clothes men to surround the place and attack the enemy.

Taken unawares, the Japanese, who were having breakfast at the time, lost several men when the Chinese forced the gates open and attacked them with revolvers and shot guns.

All exits being barred, the Japanese inside the building were forced to make a stand upstairs, where they found telephonic communication with their comrades outside.

The Japanese refused to surrender whereupon the house was set on fire.

Six rifles and two revolvers, in addition to other military supplies, were seized by the Chinese. — (Central News).

## PANIC IN DAMASCUS

### TURKS GIVEN HIGH POSTS

Damascus, June 8.

A state of panic prevails among the Armenian and Arab population in the Sanjak. Excitement has been augmented by the appointment of a large number of Turks to high administrative posts and by the fact that the French forces in the Sanjak are commanded by a pro-Turkish official in the administration.

The Armenian and Arab minorities take a serious view of the situation. Most of the Armenian and Arab shop-owners have closed their shops and the majority of the members of the two minorities are abstaining from participation in the election campaign since they fear acts of violence by the Turks.

Arab quarters here assert that a large number of Turks who are not enfranchised have been granted the right to vote since French control virtually ceased with the conclusion of the Franco-Turkish agreement. — (Transocean).

## KING'S BIRTHDAY

(Continued from Page 1)

Highlights of the official arrangements are the Review of troops at Happy Valley in the early morning, and the Garden Party at Government House in the afternoon.

In addition to Government arrangements, however, innumerable private parties, including at least two launch picnics on a grand scale, have been fixed.

In short, Hong Kong is showing beyond shadow of doubt that it regards today as no ordinary holiday, but very much of a special occasion, and that, small and comparatively insignificant though it may be in size, it admits itself as second to none in reverence of the Monarchy, the strongest the world has ever seen and an undying link between the Home Country and the Dominions and Colonies.

## WORK SHORTAGE IN MINES AND IRON INDUSTRY

### Unemployment On Increase In U.K.

London, June 8.

A statistical survey published by the Ministry of Labour shows that on May 16 altogether 1,788,805 men and women were registered as unemployed at the Labour Exchanges in the United Kingdom. This is an increase of 31,044 as compared with the figures published on April 4.

The figure for May, which includes temporarily unemployed, represents an increase of 383,000 unemployed as compared with the figure for the same month in 1937.

Increased unemployment is attributed by official quarters, above all, to the shortage of work in the mines and iron industry during the months of April and May.

In the building trade, however, the employment situation is said to have improved. Since decreased employment is also reported from such industries which are working for rearmament, the survey of the Labour Ministry is attracting special attention. — (Transocean).

## BIG FIRES IN CANTON

(Continued from Page 1)

Ten persons were arrested on the Shameen bund for allegedly sending out flares which were clearly visible from the rooftops in Shameen.

Every time a flare was seen there was a terrific barrage of a machine-gun, rifle and revolver fire in the direction of the flare. Police and military authorities took all precautions to persuade the populace to show no lights whatsoever.

Revolver shots were fired into houses on the foreshore whenever a light or cigarette end was seen. Several shots whizzed over Shameen.

#### NO SAFETY ZONE

Reuter learns from official sources that the establishment of a safety zone outside the city is not contemplated by the Provincial Government.

It is pointed out that such a zone "would not prevent the Japanese planes from machine-gunning or dropping bombs on refugees within the zone as the Japanese forces had failed to discriminate between safety and non-safety zones while conducting military operations in Nanking and Shanghai."

#### POWER SUPPLY RESTORED

During the morning's raid several bombs were dropped southward of the Pearl River bridge demolishing seventy houses. There were about 35 casualties. The power supply of the city was restored at 4 p.m. presumably from the old power station.

#### MASS EXODUS

It is estimated that the population of Canton is at present only 500,000 as compared with 1,500,000 in September last year. Four hundred thousand evacuated from Canton during the past ten days as a result of the raids. — (Reuter).

## JAPANESE PRESS-GANG CAMPAIGN

Tungshu, June 8.  
The Japanese forces at Hangchow, Fuyang and Yuhang have intensified the press-gang campaign for able-bodied adults to engage in transport work on the Chekiang front, causing a further exodus of people from these places.  
All the Chinese men press-ganged into service were covered into submission as their families were held by the Japanese as hostages. — (Central News).

## CRAIGENGOWER'S FIRST DEFEAT OF THE SEASON

Kowloon Dock Brings Off Surprise  
FOOTBALLERS' "B" ALSO CAUSE UPSET

By B. R. Swiller

The truth of the adage that the race is not always to the swift has once again been demonstrated, as there were several upsets in the Lawn Bowls matches decided last Saturday. The biggest upset was the defeat of the Craigenower Cricket Club, until then an unbeaten team at the hands of the Kowloon Dock.

The Craigenower second team unexpectedly went down to the Hong Kong Footballers' "B" and, in the Third Division, the strong Hong Kong Electric team had to bow before the lowly placed Craigenower. It is a coincidence that these three upsets were connected with the Craigenower Cricket Club and, except in the last instance, the results affected that Club adversely.

In the First Division the Kowloon Dock, playing at home, must be congratulated on their very creditable achievement in beating by 10 shots the redoubtable Craigenower, who have thus met their first defeat of the season. U. M. Omar was the only Craigenower skip to win his match. He beat P. Cullen by 8 shots. Omar, as usual, played a fine game and was ably supported by his men, especially his brother A.M., who, though lacking U.M.'s brilliance was, nevertheless, very consistent.

However, Omar's effort was all in vain, as his colleagues failed to hold their own against their opponents in their own matches. To J. McKelvie and J. Brown must go the credit for Kowloon Dock's fine victory. McKelvie's rink beat Bradbury's by 9 shots and J. Brown beat Dick Bass by 7.

I don't think too much can be said in praise of Kowloon Dock's splendid achievement, but I fear that any attempt on my part to eulogise it would be inadequate.

## ALVES'S COME-BACK

In the match between Recreio and the Indians at King's Park, the former, as expected, won quite easily. They were up in all three rinks and on the whole won by 19 shots. H. A. Alves, who had not until last Saturday shown anything of the form that earned for him a place in the Interport team a couple of years ago, staged an excellent come-back. Indeed, I may go so far as to say that at times he was brilliant, as on a good few heads he laid perfect woods. His No. 3, A. A. Remedios, also played well. Dallah, against whom Alves played, was himself playing a good game but he was entirely eclipsed by Alves.

C. G. Silva who was opposed by Minu had practically no chance to

show what he could do as his front men were all in good form and were lying most of the time when he went down to roll his woods. Special mention must be made of L. F. Xavier and D. C. Alves, Silva's Nos. 1 and 2 who played very well indeed.

Minu, on the other hand, had to work like a Trojan as he was given scant support by his men who were invariably short with their woods, thus preventing him from executing his favourite shot—the drive.

However, it must bring him a glow of satisfaction to reflect that though he was down by 8 shots to 19 on the 15th head, Silva was able to collect only one more shot for the remainder of the game which ended with Minu only 5 shots behind Silva. Minu was able to reduce the lead considerably towards the end, because his front men probably realised that the situation was desperate and decided to put their shoulders to the wheel, as it were. Whatever the case they played well towards the end.

## GOOD LEAD LOST

R. F. Luz who was to have skipped a rink did not feel equal to the task as he was running a slight temperature and his place was taken by F. X. Silva to whom he played No. 3. His temperature, however, did not prevent him from playing very well and it was mainly due to him and J. E. Noronha, whose drawing was deadly as very often he was right on the jack, that Silva's rink were able to beat Arculli's by 20-13. Up to the 8th head, Arculli was leading by 9 shots to 2, but on the next head,

which his No. 1 made a short one, Silva took 4 shots and from that time the Portuguese skip forged ahead to win eventually by 7 shots.

Those who doubted the wisdom of making E. W. Lines a skip, will have to revise their opinion about him, as on Saturday he gave ample proof of his ability as one in beating J. Shepherd convincingly by 23 shots to 9, to enable the Kowloon Bowling Green to defeat the Police by 17 shots. Considering the fact that they were playing on the Police green, their victory was praiseworthy, especially so as the Police rinks include bowlers of proven ability, though somehow they have not done as well as they should this season.

R. Duncan's rink also did well to beat W. Mair by 12 shots. E. G. Post's win of 9 shots over J. G. Meyer was unavailing to his side. As the result of this victory the Bowling Green have now jumped ahead of the Police in the League Table.

## THE SECONDS

In a Second Division match between the Kowloon Bowling Green and the Police R.C. at Austin Road the latter were beaten by 28 shots. Although A. E. Carey's rink beat G. Thompson's by 16 shots the other two Police skips were badly cowed. F. Nolan could only collect 8 shots to W. S. Drake's 28. G. C. Moss was worse off than Nolan as he was well and truly beaten by T. Armstrong to the tune of 35 shots to 9.

As the result of their victory over the Hong Kong Footballers' "A" team at King's Park, the Recreio second team are now ahead of Craigenower who, until Saturday had been the leaders in the Second Division. The Kowloon Bowling Green are also ahead of

"I mean to express with all my heart that your Kalzana has given wonderful results in my little girl, who was ailing for some time," writes a grateful mother.

If your  
Child is ailing then  
give it Kalzana

If any of your children are delicate and irritable, suffer from delayed teething and weak bones, it is more than probable that a lack of minerals is the cause of the trouble.

Give your children Kalzana tablets or powder for a few weeks and you will soon see the difference in their health. It strengthens the cells of blood, body and nerves, increases the power of resistance and makes bones strong, and teeth white and healthy.

Give Kalzana to the grown-up members of your family, and they, too, will enjoy continual good health.

## A Great Finish

### Cricket At Its Best.

There was a great finish at Leicester recently in the match between Leicestershire and Warwickshire. Warwickshire, who made a great recovery in their second innings, might easily have saved the game, but, throwing out an extremely sporting challenge, P. Cranmer refused to allow the game to die tamely.

Cranmer's declaration at a score of 395 for eight wickets left Leicestershire to make 159 runs at an average rate of 70 runs an hour. Leicestershire certainly had their anxious moments, but in the end they won their first match at Leicester since 1935 by four wickets with 15 minutes to spare, writes a Home correspondent.

Croom and Ord, helped by luck in the way of missed catches, had given Warwickshire a splendid start on the previous day in their great fight to gain control of the game.

Warwickshire, however, were by no means out of the wood at the start of the day, for, with two wickets down, they still needed 84 runs to avoid being beaten in an innings, and their position became even worse when, at 170, Ord was out to a good catch by Armstrong at forward short-leg.

### BOWLING ATTACKED

Croom, who was playing with the utmost confidence, was hopelessly beaten by Smith's pace off the pitch, and was leg-before-wicket, and Cranmer, promoting himself in the batting order, came in to face the crisis.

By attacking the bowling Cranmer not only averted the danger of a threatened batting collapse, but he also saved Warwickshire from the possibility of an innings defeat.

He might easily have achieved the same object by setting out slowly and methodically to kill the Leicestershire bowling, but his policy of aggression did more than that, for it also raised the moral of an apparently beaten side.

Cranmer drove Smith to the farthest part of the ground for 8 and when, at 205, that bowler took the new ball, Cranmer hit him for three 4's in an over.

Driving Flinn, to the on-boundary Deller, like Cranmer, forced the Leicestershire fast bowlers to set a deep, and defensive, field, and although Cranmer was caught in the slips playing inside a swinging ball, Warwickshire's recovery was complete.

It was now left to Deller to consolidate this recovery, and he went about his task in a way which made it very clear to the Leicestershire bowlers that their chances of regaining the initiative were small.

Playing his own polished game he placed the ball through the gaps in a very carefully placed field, accurately and waited patiently for the overpitched ball, which he drove to the boundary.

Having lost Buckingham, Deller skilfully contrived to keep his various partners away from the bowling. In order to do this he was forced to restrict his scoring strokes, but he usually managed to hit a 4 in each over and to run a single off the fifth or sixth ball. His was indeed the innings of an extremely promising batsman, with a valuable touch of experience about it.

He completed his century after he had been at the wicket for three hours and a quarter, and shortly afterwards Cranmer threw out his challenge, which brought a dying game gloriously back to life again.

### THE CHALLENGE ACCEPTED

Dempster, of course, took up the challenge but, like the good captain he is, he faced his task with a definite plan of campaign.

Just in case things went wrong Armstrong and Cherrington, who both have the patience to close up an end for almost any length of time without doing very much else, were kept in reserve, and he himself went in to open the innings with Berry.

Perhaps the most interesting feature of Dempster's tactics lay in the fact that, while one of the two batsmen at the wicket attacked the bowling and took all kinds of risks, the man at the other end played himself in carefully, with the result that Leicestershire always had one man ready to take up the role of hitter.

It fell to the lot of Berry to open the attack on the bowling and, having driven both Wilmot and Paine for 4 he presented Wilmot with a return catch. Turning now from defence to attack Dempster drove successive balls

from Mayer to the boundary, and cut the same bowler square for 4 before he was leg-before-wicket to Paine's first ball.

Prentice then proceeded to hit a 6 and several 4's and when he left Watson did very much the same thing. With 50 minutes left for play Leicestershire, with six wickets in hand, needed only 38 runs, which was a very satisfactory position. From then onwards things did not go quite according to plan.

In an inspired spell of bowling Mayer dismissed Cherrington and Watson, and Leicestershire were made to look like a struggling side. Geary and Smith, however, took the situation firmly in hand, and the issue was soon settled.

## MODERN ART IN CHINA

### Interesting Talk By Mr. Jack Chen

Mr. Jack Chen, who recently returned to China from a world-wide tour in the course of which he exhibited wood cuts, drawings and cartoons made by some of the leading present-day Chinese artists, gave a talk on "Modern Conception of Art" at a meeting of the Thursday Club in Canton, held at the New Asia Hotel on June 2.

Mr. Chen said that progressiveness was the most important characteristic of modern art, which looks to the future rather than to the past. Modern art was not only progressive but practical and avoided such twistings as exhibited in surrealism.

"Modern art is on the side of intelligence in the struggle between ignorance and knowledge," said Chen. "It is both realistic and for the cause of democracy."

In China, a number of artists are working in the modern forms, said Mr. Chen, and it was in China, Russia and the United States that modern art was meeting the greatest development.

### MICHELANGELO WANTED

"In China, modern art works against the background of ancient Chinese art. It is necessary to enlarge the limits of Chinese art, to make it fit into modern environment. What is needed in China, as elsewhere, is a modern Michelangelo who will take the resources of modern art and produce work as vivid for people of our day as Michelangelo made art vivid for people of his time," said Mr. Chen.

"In China modern artists have their conceptions from western countries but have made their own distinctive contribution to what they have taken from foreign countries. In modern art in China there is a distinct movement to use art as propaganda to oppose exploitation of all kinds. Some of the graphic art which has been produced in recent months shows the suffering which the Chinese people are passing through more clearly than all of the reports by writers which have described these sufferings."

goods are examined by the Company's  
Surveyors.

No Fire Insurance will be effected by  
us in any case whatever.

## Jamaica Returns To Normal

Kingston, June 8.  
Most of the Jamaica strikes have  
now been settled on the basis of  
increased pay for labourers.

No further instances of violence  
were reported yesterday.

The sudden change seems to be  
due partly to the Government's  
£500,000 land settlement scheme,  
and partly to efforts by the  
Labour leader, Mr. Bustamante, who  
has appealed to the workers to  
cease disorders and return to work  
while awaiting the decisions of  
the Conciliation Board.

Meanwhile, the Government is  
immediately putting in hand the  
£500,000 land development scheme,  
announced earlier this week. Land  
has already been taken over by the  
Government, and labourers will be  
drafted for its development as soon  
as possible.

The Acting Governor of Jamaica  
has telegraphed to the Colonial  
Office in London stating that  
the situation on the island is  
much improved and that condi-  
tions in Kingston are almost  
normal.—(Reuters).

## OIL BORING IN BRITAIN

The search for oil in the South  
of England has proved unsuccess-  
ful, although wells more than  
5,000ft deep have been sunk at a  
number of places, the deepest be-  
ing at Portsdown, Hampshire.

Exploratory work in Wiltshire,  
Hampshire, and Sussex is being  
abandoned, but test drilling will  
continue in other parts of the

country covering areas of nearly  
8,000 square miles.  
The opinion that if the "buck-  
ling" of milk received from dif-  
ferent sources were not allowed  
"nine-tenths" of the dairies in  
England and Wales would go west"  
was expressed by Mr. Justice Lewis  
in the King's Bench Division re-  
cently.

## LAWN BOWLS NOTES

(Continued from Page 10)

Craigengower in the League Table by virtue of their win over the Police; they have scored the same number of points as Recreio, each having won 4 matches in 6, whereas Craigengower now have only won three out of five matches.

B. Basto's win of 14 shots over A. Brookbank included a 8 on the 11th head. Basto played extremely well and was ably supported by Dr. A. P. Guterres, his No. 3, F. N. Soares who went down to W. Gill by 18-20 was the only Portuguese skip to lose, J. J. Basto, the other Portuguese skip, beating J. Roger by 21-20.

### HILLIER'S SEVEN

The Civil Service second team beat Talkoo R.C. at home, by 12 shots. In this match, W. Hillier who had been playing for the first team a couple of times this season, celebrated his return to the Second by scoring a 7 on the very first head against R. Keown, whom he eventually beat by 29 shots to 18. D. Munro in beating J. Cook by 8 shots was the only Talkoo skip to win his match, but his gallant effort was to no purpose.

The Craigengower C.C. created a surprise last Saturday when they defeated the Hong Kong Electric on their own green. Even though they were playing at home, their victory was most unexpected as their opponents were regarded by some as very strong candidates for championship honours, having, until last Saturday, won three out of four matches. On the other hand, Craigengower had occupied a very humble position in the League Table, having only one victory to their credit. In view, therefore, of their opponent's impressive record, Craigengower's win by 7 shots was all the more meritorious, especially so as their victory was not the result of a fluke.

### K.F.C.'s RECORD

The Kowloon Football Club maintained their 100 per cent record when they beat the Hong Kong Football Club on their own green. They are now the only team to have the enviable record of having won all their matches to date in all the three Divisions of the Lawn Bowls League, as the Craigengower first team, the only other team to share this honour with them before last Saturday, have subsequently been beaten by Kowloon Dock. In defeating the Hong Kong Football Club by 50 shots, the Kowloon F.C. equalled the record which they set up for the Third Division last week against the Yacht Club. It is a coincidence that the scores in both matches were identical, as on the two occasions the Kowloon F.C. scored 89 shots and their opponents 39.

Although all the three K.F.C. skips were up, special mention must be made of W. V. Field and his men whose splendid performance enabled them to inflict a severe drubbing on J. Trengrove's rink. So well did Field's ring play that Trengrove and his men had to fight very hard indeed for their shots and when the last wood had been delivered they had only managed to collect 9 shots scored on only 6 out of the 21 heads—this in reply to Field's 40!

### OPEN PAIRS

A second round match in the Open Pairs Championship played between W. Hillier and J. Hollidge and J. H. Xavier and S. Lillierap on the Hong Kong Football Club green on Tuesday ended in a thrilling struggle. When Hollidge got into an early lead and maintained it until the 18th head when the score was 20-11 in his favour, the spectators thought that it was a foregone conclusion that he would win easily. But they reckoned without the indomitable fighting spirit of Xavier and Lillierap. With defeat staring them in the face they fought back so gallantly and to such good effect that on the 20th head they had not only drawn level with their opponents but were actually leading by one shot. This was brought about by two successive fives. After this excellent display, it seems a pity that their efforts were not crowned with success, as Hollidge put in two shots on the last head to win by 22-21. However, there is no gainsaying the fact that both Hillier and Hollidge deserved their victory as they played much better than their opponents who, but for their short spurts of brilliance towards the end, played indifferently.

Next Saturday the following matches will be played:—  
Craigengower C.C. v. Kowloon C.C.  
C. de Recreio v. Civil Service C.C.

## HOME CRICKET RESULTS

Lancashire scored 232 and 138 (Verity six for 49) and Yorkshire replied with 273 and 98 for two.

### DERBY v. WARWICK

At Derby, Warwickshire defeated Derbyshire by four wickets.  
Derby made 224 and 204 (Rhodes 107 not out), and Warwickshire scored 238 (Copson five for 51) and 311 for six. Buckingham hit up 124 and Dollyer 134 not out.

### SOMERSET v. GLOUCESTER

At Taunton, Somerset defeated Gloucester by one wicket.  
Gloucester scored 221 and 338 for seven declared. Walter Hammond, the England captain, hit up another century of 140 not out in Gloucester's second innings.  
Somerset made 278 in their first knock and 284 for nine in the second.

### WORCESTER v. GLAMORGAN

At Worcester, Worcestershire took points on first innings from Glamorgan.  
Worcester scored 302 (J. C. Clay five for 101) and 318 for three wickets declared. Gibbons 113 not out and Martin 128 not out, while Glamorgan had 235 (Crisp five for 62) and 281 for nine wickets.

### OXFORD v. FREE FORESTERS

At Oxford, Free Foresters defeated Oxford University by five wickets.  
Oxford made 288, of which J. M. Lomas had 124. Meyer took five wickets for 63 runs. The Dark Blues' second knock realised only 97. This time Marriott took five for 40 and Meyer four for 44.  
Free Foresters put up 208 in their second. Scott had extremely bad luck in not reaching his century, being dismissed one run short of three figures. Whitehouse took five wickets for 33 runs for Oxford.—(Reuter).
